

Configuring Custom Lender Lists

Go to Configure Lender Lists under **ILL Admin..Configuration**

Click on **Create Lender List** and name the list **AR,MS,TX ISSI Libraries**, select **Random** then **Save** so that your requests will not go to the same libraries each time.

Copy and paste the list from the **Arkansas, Mississippi and Texas ISSI Libraries** document into the Lenders box by clicking on **Advanced** when Configuring your Lender List. Be sure to click on **SAVE** at the top of the page to save the list.

State Library of Louisiana
