PREFACE

The State Library of Louisiana has published *Library Laws of Louisiana* to assist librarians, library staff, trustees, lawmakers, educators, and citizens in their understanding of how libraries are governed and operated. The Library Development Division assembled the current volume based on the expressed needs of librarians and trustees from Louisiana public libraries.

These laws apply to library establishment, governance, operation, activity, and mandate. Additionally, this volume includes laws regarding local government, public finance, purchasing, public records, meetings of public bodies, and other topics as they may apply to public libraries or the administration thereof.

CONSOLIDATED PUBLIC RETIREMENT SYSTEMS

SUBTITLE III. STATEWIDE SYSTEMS

Chapter 5. Parochial Employees' Retirement System of Louisiana [in part]

CHAPTER 5. PAROCHIAL EMPLOYEES' RETIREMENT SYSTEM OF LOUISIANA

Part I. GENERAL PROVISIONS

Section

1903. Admission of taxing districts; district indigent defender programs soil and water conservation districts.

Part I. GENERAL PROVISIONS

§ [1903](#). Admission of taxing districts; district indigent defender programs soil and water conservation districts

A. The following entities may submit, for approval by the board of trustees, a plan for extending the benefits of this Chapter to employees of the entity:

(1) Any taxing district in or any branch or section of a parish that qualifies as an employer pursuant to R.S. 11:1902, including but not limited to any hospital district, water district, or library.

(2) A district indigent defender program in this state.

(3) A soil and water conservation district in this state.

(4) Any public corporation created pursuant to R.S. 9:2341 et seq., whose sole beneficiary is a parish in the state.

B. Each such plan or any amendment thereof shall be approved by the board of trustees if it finds that such plan, or such plan as amended, is in conformity with regulations of the board of trustees, except that no such plan shall be approved unless:

(1) It is in conformity with the requirements of this Chapter and applicable state law.

(2) It covers all services which are performed in the employ of the entity, by any employees thereof, and it extends benefits to all employees of the entity.

(3) It specifies the source or sources from which the funds necessary to make the payments required by Paragraph (D)(1) and Subsection E of this Section are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose.

(4) It provides for administration of the plan by the entity as the board of trustees finds necessary for the proper and efficient administration thereof.

(5) It provides that the entity will make such reports, in such form and containing such information, as the board of trustees may from time to time require and comply with such provisions as the board of trustees may from time to time find necessary to assure the correctness and verification of such reports.

(6) It authorizes the system to terminate the plan in its entirety, in the discretion of the board of trustees, if it finds that there has been a failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the board of trustees.

(7) None of the employees of the entity are eligible to participate in another Louisiana public retirement or pension system, plan, or fund based on the employee's employment with the entity.

C. The board of trustees shall not finally refuse to approve a plan submitted under Subsection A of this Section and shall not terminate an approved plan without reasonable notice and opportunity for hearing to each entity affected thereby. The board of trustees' decision in any such case shall be final, conclusive, and binding unless the entity aggrieved thereby appeals to the district court in accordance with the provisions of law with respect to review of civil causes by certiorari.

D.(1) Each entity for which a plan has been approved under this Section shall pay into the system contributions, with respect to earnings as defined in R.S. 11:1902, at such time or times as the board of trustees may by regulation prescribe, in the amounts and at the rates prescribed by the board of trustees as set forth in Part VII of this Chapter.

(2) Every entity required to make payments under Paragraph (1) of this Subsection is authorized, in consideration of the employee's retention in, or entry upon, employment after enactment of this Chapter, to impose upon its employees, as to services covered by an approved plan, a contribution with respect to earnings as provided in Parts III and IV of this Chapter, and to deduct the amount of such contribution from the earnings as and when paid. Contributions so collected shall be paid into the contribution fund in partial discharge of the liability of such entity under Paragraph (1) of this Subsection. Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(3) Except as provided in R.S. 11:143 and notwithstanding any other provision of law to the contrary, employer contributions shall not be returned, refunded, transferred, or rolled over to any employee or employer or to any retirement system, plan, or fund.

E. Delinquent payments due under Paragraph (D)(1) of this Section, may, with interest at the system's actuarial valuation rate compounded annually, be recovered by action in a court of competent jurisdiction against the entity

liable therefor or may, upon due certification of delinquency and at the request of the board of trustees, be deducted from any other monies payable to the entity by any department or agency of the state.

F.(1) If any plan entered into under this Section is terminated, the entity which terminates its plan may not again participate in the system pursuant to this Section, unless approved by the board of trustees.

(2) Notwithstanding any other provision of law, if an employer terminates its agreement for coverage of its employees, the employer shall remit to the system that portion of the unfunded actuarial accrued liability, if any, which is attributable to the employer's participation in the system. The amount required to be remitted pursuant to this Paragraph shall be determined as of the December thirty-first immediately prior to the date of termination. Such determination shall be made using the entry age normal actuarial funding method.

(3) The amount due shall be determined by the actuary employed by the system and shall be paid in a lump sum or amortized over ten years in equal monthly payments with interest at the system's actuarial valuation rate in the same manner as regular payroll payments to the system, at the option of the employer.

(4) If the employer fails to make payment timely, the amount due shall be collected in the same manner as authorized by Subsection E of this Section and R.S. 11:2014.

G.(1) Notwithstanding any provision of this Chapter to the contrary, a hospital service district located in a parish with a total population between seventy thousand and eighty thousand persons as of the latest federal decennial census may terminate coverage for employees of the district first hired on or after January 1, 2015, as further provided in this Subsection.

(2) If any plan entered into by a hospital district under this Section is prospectively terminated, the hospital district which prospectively terminates its plan may not again begin partici-

pation for new employees in the system pursuant to this Section, unless approved by the board of trustees.

(3) Prospective termination of a plan shall follow all notice and any other requirements of termination provided for in the plan agreement.

(4) If, pursuant to this Subsection, an employer terminates its agreement for coverage of its employees first hired after the effective date of the termination, the employer shall remit to the system that portion of the unfunded actuarial accrued liability, if any, which is attributable to the employer's termination. The amount required to be remitted pursuant to this Paragraph shall be determined as of the December thirty-first immediately prior to the date of termination. Such determination shall be made using the entry age normal actuarial funding method.

(5) The amount due shall be determined by the actuary employed by the system and shall either be paid in a lump sum or amortized over ten years in equal monthly payments with interest at the system's actuarial valuation rate in the

same manner as regular payroll payments to the system, at the option of the employer.

(6) If the employer fails to make payment timely, the amount due shall be collected in the same manner as authorized by Subsection E of this Section and R.S. 11:2014.

(2)(a) Participation or engagement in, or management, operation, production, presentation, performance, promotion, exhibition, advertisement, sponsorship, electronic communication, or display of, hard core sexual conduct when the trier of fact determines that the average person applying contemporary community standards would find that the conduct, taken as a whole, appeals to the prurient interest; and the hard core sexual conduct, as specifically defined herein, is presented in a patently offensive way; and the conduct taken as a whole lacks serious literary, artistic, political, or scientific value.

(b) Hard core sexual conduct is the public portrayal, for its own sake, and for ensuing commercial gain of:

(i) Ultimate sexual acts, normal or perverted, actual, simulated, or animated, whether between human beings, animals, or an animal and a human being; or

E. This Section does not preempt, nor shall anything in this Section be construed to preempt, the regulation of obscenity by municipalities, parishes, and consolidated city-parish

governments; however, in order to promote uniform obscenity legislation throughout the state, the regulation of obscenity by municipalities, parishes, and consolidated city-parish governments shall not exceed the scope of the regulatory prohibitions contained in the provisions of this Section.

F.(1) Except for those motion pictures, printed materials, electronic communication and photographic materials showing actual ultimate sexual acts or simulated or animated ultimate sexual acts when there is an explicit, close-up depiction of human genital organs so as to give the appearance of the consummation of ultimate sexual acts, no person, firm, or corporation shall be arrested, charged, or indicted for any violations of a provision of this Section until such time as the material involved has first been the subject of an adversarial hearing under the provisions of this Section, wherein such person, firm, or corporation is made a defendant and, after such material is declared by the court to be obscene, such person, firm, or corporation continues to engage in the conduct prohibited by this Section. The sole issue at the hearing shall be whether the material is obscene.

(2) The hearing shall be held before the district court having jurisdiction over the proceedings within seventy-two hours after receipt of notice by the person, firm, or corporation. The person, firm, or corporation shall be given notice of the hearing by registered mail or by personal service on the owner, manager, or other person having a financial interest in the material; provided, if there is no such person on the premises, then notice may be given by personal service on any employee of the person, firm, or corporation on such premises. The notice shall state the nature of the violation, the date, place, and time of the hearing, and the right to present and cross-examine witnesses.

(3) The state or any defendant may appeal from a judgment. Such appeal shall not stay the judgment. Any defendant engaging in conduct prohibited by this Section subsequent to notice of the judgment, finding the material to

be obscene, shall be subject to criminal prosecution notwithstanding the appeal from the judgment.

(4) No determination by the district court pursuant to this Section shall be of any force and effect outside the judicial district in which made and no such determination shall be res judicata in any proceeding in any other judicial district. In addition, evidence of any hearing held pursuant to this Section shall not be competent or admissible in any criminal action for the violation of any other Section of this Title; provided, however, that in any criminal action, charging the violation of any other Section of this Title, against any person, firm, or corporation that was a defendant in such hearing, involving the same material declared to be obscene under the provisions of this Section, then evidence of such hearing shall be competent and admissible as bearing on the issue of scienter only.

G.(1) Except as provided in Paragraph (5) of this Subsection, on a first conviction, whoever commits the crime of obscenity shall be fined not less than one thousand dollars nor more than two thousand five hundred dollars, or imprisoned, with or without hard labor, for not less than six months nor more than three years, or both.

This Subparagraph shall not apply to the manager or other person in charge of an establishment selling or exhibiting obscene material.

(3) Except as provided in Paragraph (5) of this Subsection, on a third or subsequent conviction, the offender shall be imprisoned with or without hard labor for not less than two years nor more than five years, and in addition may be fined not less than five thousand dollars nor more than ten thousand dollars.

Upon conviction for a violation of this Section, a corporation shall be sentenced in accordance with Subsection G of this Section. All corporate officers who are named as defendants shall be subject to the penalty provisions of this Section as set forth in Subsection G of this Section.

(2) If the corporation is domiciled in this state, upon indictment or information filed against the corporation, a notice of arraignment shall be served upon the corporation, or its designated agent for service of process, which then must appear before the district court in which the prosecution is pending to plead to the charge within fifteen days of service. If no appearance is made within fifteen days, an attorney shall be appointed by the court to represent the defendant corporation with respect to the charge or to show cause why the corporation should not be enjoined from continuing in business during the

pendency of the criminal proceedings. Appearance for arraignment may be made through private counsel.

(3) If the corporation is domiciled out of state and is registered to do business in Louisiana, notice of arraignment shall be served upon the corporate agent for service of process or the secretary of state, who shall then notify the corporation charged by indictment or information to appear before the district court in which the prosecution is pending for arraignment within sixty days after the notice is mailed by the secretary of state. If no appearance is made within sixty days the court shall appoint an attorney to represent the defendant corporation with respect to the charge or to show cause why the corporation should not be enjoined from continuing in business during the pendency of the criminal proceedings. Appearance for arraignment may be made by private counsel.

(4) If the corporation is domiciled out of state and is not registered to do business in Louisiana, notice of arraignment of the corporation shall be served upon the secretary of state and an employee, officer, or agent for service of process of the corporation found within the parish where the violation of this Section has allegedly occurred. Such notice shall act as a bar to that corporation registering to do business in Louisiana until it appears before the district court in which the prosecution is pending to answer the charge.

I.(1)(a) When an act of obscenity as defined in Paragraph (A)(1) of this Section is reported, the law enforcement agency acting in response to the reported incident shall provide notice of the incident to the principal or headmaster of each school located within two thousand feet of where the incident occurred. This notice shall be provided by the law enforcement agency to the principal or headmaster within twenty-four hours of receiving the report of the incident and by any reasonable means, including but not limited to live or recorded telephone message or electronic mail.

(b) The notice required by the provisions of Subparagraph (a) of this Paragraph shall include the date, time, and location of the incident, a brief description of the incident, and a brief description of the physical characteristics of the alleged offender which may include but shall not be limited to the alleged offender's sex, race, hair color, eye color, height, age, and weight.

(2)(a) Within twenty-four hours of receiving notice of the incident from law enforcement pursuant to the provisions of Paragraph (1) of this Subsection, the principal or headmaster shall provide notice of the incident to the parents of all students enrolled at the school by any reasonable means, including but not limited to live or recorded telephone message or electronic mail.

(b) The notice required by the provisions of Subparagraph (a) of this Paragraph shall include the same information required for the notice provided in Paragraph (1) of this Subsection to the extent that the information is provided by law enforcement to the principal or headmaster of the school.

(3) When the expiration of the twenty-four-hour period occurs on a weekend or holiday, notice shall be provided no later than the end of the next regular school day.

(4) For purposes of this Subsection, "school" means any public or private elementary or secondary school in this state, including all facilities of the school located within the geographical boundaries of the school property.

(5) The principal, headmaster, school, owner of the school, operator of the school, and the insurer or self-insurance program for the school shall be immune from any liability that arises as a result of compliance or noncompliance with this Subsection, except for any willful violation of the provisions of this Subsection.

calendar year through December thirty-first of the same calendar year.

(b) For a candidate, the period from the date on which he became a candidate as defined herein through the closing date for the current report.

In addition, successive donations made to the same person, which donations individually are valued below twenty-five dollars but which together exceed such amount, shall be deemed to be in-kind expenditures and shall be aggregated for purposes of the requirements of this Chapter.

to dissolve or disband and (1) determines that it no longer meets the criteria in R.S. 18:1491.1(A), or (2) determines that it will no longer receive any contributions, loans, or transfers of funds and will no longer make any expenditures, loans, or transfers of funds, shall file a statement of dissolution with the supervisory committee prior to dissolving. No committee which has unpaid debts or obligations or which has any funds on hand shall file a statement of dissolution, until any debts or obligations have been paid or otherwise extinguished and any funds have been expended or otherwise distributed. A statement of dissolution shall include (1) a certified statement by the committee chairman and campaign treasurer, if any, that the committee has not received contributions, transfers of funds, or loans, or made expenditures, transfers of funds, or loans in the aggregate during the calendar year in excess of five hundred dollars and does not anticipate doing so, or (2) a certified statement by the committee chairman and campaign treasurer, if any, that the committee will receive no contributions, transfers of funds, or loans and will make no expenditures, transfers of funds, or loans, during the remainder of the calendar year. Any committee which dissolves or files a statement of dissolution as provided in Subsection A above and is thereafter recreated with substantially the same membership and

purposes with the intent to avoid the requirements of this Part, for purposes of this Part, shall be deemed not to have been dissolved and shall be subject to the provisions of this Part as if no dissolution had taken place and no statement of dissolution filed. In addition, any committee which violates the provisions of this Subsection shall be subject to the penalties provided in R.S. 18:1505.4, R.S. 18:1505.5, and R.S. 18:1505.6.

§ 1491.3. Principal campaign committees; subsidiary committees; consolidation of reports

A. Each candidate may designate one political committee as his principal campaign committee. Such designation shall be in writing and a copy thereof shall be filed with the supervisory committee no later than ten days after such designation is made. Any committee which designates subsidiary committees shall be a principal campaign committee and shall file a self-designation as a principal campaign committee with the supervisory committee at the time it first files a designation of a subsidiary committee. A principal campaign committee of a candidate shall report, in lieu of the candidate, all information required to be reported by the candidate pursuant to R.S. 18:1495.4 and R.S. 18:1495.5.

B. A candidate or a committee which supports or has supported only one candidate may designate additional political committees as subsidiary committees of such candidate or committee.

C. Any committee, except a principal campaign committee, which is organized to support a single candidate shall be a subsidiary committee of the candidate or of the candidate's

principal campaign committee unless the candidate files a statement in writing with the supervisory committee that the committee is not his subsidiary committee or a subsidiary of his principal campaign committee and unless he files such a statement the candidate or his principal campaign committee shall designate any such committee as a subsidiary committee within ten days after such committee is organized. No candidate shall file a statement that a committee is not his subsidiary committee or a subsidiary committee of his principal campaign committee if the candidate, his principal campaign committee, or a subsidiary committee of the candidate or of his principal campaign committee makes an expenditure, a loan, or a transfer of funds to or receives a contribution, a loan, or a transfer of funds, from the committee.

D. No committee organized primarily for the purpose of supporting a single candidate shall nominally support an additional candidate or candidates for the purpose of avoiding designation as a subsidiary committee and the requirements of this Part relating to the records and reports of subsidiary committees. Any committee which violates the provisions of this Subsection shall be subject to the penalties provided in R.S. 18:1505.4, R.S. 18:1505.5, and R.S. 18:1505.6.

E. A designation of a subsidiary committee shall be in writing and a copy thereof shall be filed with the supervisory committee no later than ten days after the designation is made. Any candidate who has designated a principal campaign committee shall also file a copy of the designation of each subsidiary committee with his principal campaign committee no later than ten days after the designation is made.

F. A political committee may not be designated as the principal campaign committee of more than one candidate. No political committee which supports or has supported more than one candidate may be designated as a principal campaign committee and no such committee shall be a subsidiary committee.

G.(1) Each subsidiary committee shall maintain all records required by this Part. Each subsidiary committee designated by a candidate shall furnish such records on a timely basis to the principal campaign committee of the candidate, if any, or if none, to the candidate by whom it was designated as a subsidiary committee. Each subsidiary committee designated by a principal campaign committee shall furnish such records on a timely basis to such principal campaign committee.

(2) Each principal campaign committee of a candidate shall receive records furnished to it by subsidiary committees of the candidate for which it is the principal campaign committee and shall consolidate them with its own records and records of the candidate and shall file with the supervisory committee a consolidated report for each report required by this Chapter for committees or candidates. A. The chairman of each political committee shall be the campaign treasurer of the political committee, unless the political committee appoints a campaign treasurer. Political committees also may appoint one or more deputy campaign treasurers. The names and addresses of any campaign treasurer or deputy campaign treasurer so appointed shall be filed with the supervisory committee in the statement of organization required by R.S. 18:1491.1, or if appointed after the statement of organization is filed, the names and addresses of any campaign treasurer or deputy campaign treasurer shall be reported to the supervisory committee within ten days following appointment.

B.(1) Any person may solicit contributions for or on behalf of the political committee, or sell political paraphernalia, including such items as buttons, flags and literature, or tickets to a testimonial or other fund-raising event, provided that all contribution(s) or proceeds are transmitted directly to the chairman of the political committee or its designated treasurer or a designated deputy treasurer of the committee together with such information as may be required by this Chapter. No chairman of a political committee or designated treasurer or deputy treasurer shall accept such funds without such information and they shall be responsible under the provisions of this Chapter for any errors and omissions in records or reports of such funds. Any contributions or transfer of funds received by a political committee which has appointed a campaign treasurer shall be transferred to the campaign treasurer.

(2) When any person who is not the campaign treasurer or a deputy treasurer of a political committee makes any expenditure for

the committee, he shall transmit directly to the campaign treasurer or a deputy treasurer all information concerning the expenditure required by this Chapter. The campaign treasurer of the committee shall be responsible under the provisions of this Chapter for any errors or omissions in the records or reports of such expenditures.

(3) For purposes of all reports required by this Chapter, all contributions received by or transferred to a campaign treasurer or a deputy treasurer of a political committee, and all expenditures made by a campaign treasurer or a deputy treasurer of a political committee or by any other person on behalf of the committee, shall be considered contributions or expenditures of the political committee.

C. Deputy campaign treasurers of a committee may exercise any of the powers and duties of a campaign treasurer as set forth in this Chapter when specifically authorized to do so by the campaign treasurer and the chairman of the political committee.

D.(1) The chairman of each political committee shall designate one or more national or state banks or state or federally chartered savings and loan associations or savings banks, or state or federally chartered credit unions, as the campaign depositories of the committee and may invest in a money market mutual fund and designate such fund as a campaign depository. The committee chairman, the committee campaign treasurer, and any deputy treasurers shall deposit any contributions received by them into an account or accounts maintained at such depository or depositories. No expenditure shall be made by any committee chairman, committee campaign treasurer, deputy treasurer, or any other person on behalf of the committee, except by check

drawn on such account or accounts, except as specifically provided in Paragraph (2) of this Subsection and Subsection E of this Section. Each check drawn on any such account shall be made payable to a specific person, except a check made payable to petty cash. Each check drawn on such an account shall indicate the objects or services for which such check is drawn and such check shall be maintained as part of the records required by R.S. 18:1491.5. The name and address of such campaign depository so designated shall be filed with the supervisory committee in the statement of organization required by R.S. 18:1491.1. If any additional depositories are designated, they shall be reported within ten days following such designation as required by R.S. 18:1491.1.

(2) An expenditure may be made by a committee chairman, committee campaign treasurer, deputy treasurer, or other authorized person on behalf of the committee by electronic funds transfer provided that the transfer of funds is to a specific person and that records are maintained as to the objects or services for which such transfer of funds was made. Detailed records of each electronic fund transfer shall be maintained as part of the records required by R.S. 18:1491.5.

(3) A political committee, which is not the principal campaign committee or designated subsidiary committee of a candidate, that makes a contribution to a candidate or to the principal campaign committee or designated subsidiary committee of a candidate shall clearly indicate to the candidate or the principal campaign committee or designated subsidiary committee of the candidate that the contribution is from a political committee either by a designation on the check or by a separate notification attached to the contribution.

E. A political committee may maintain a petty cash fund or funds. A petty cash fund shall be maintained on an imprest system, that is, expenditures may be made in cash from the fund and the fund shall from time to time be restored to its original amount by a transfer of funds from other committee funds of a sum equal to the aggregate of the sums expended from the fund. No expenditure in excess of one hundred dollars shall be made from the petty cash fund and no expenditure shall be made from the petty cash fund for any personal services, except for gratuities paid for the serving of food or drink. No expenditure shall be made from the petty cash fund in violation of R.S. 18:1531. A complete record of petty cash expenditures shall be maintained in accordance with the provisions of R.S. 18:1491.5(D).

§ 1491.5. Maintenance of records; valuation of in-kind contributions and expenditures

A. The chairman of each political committee and the campaign treasurer, if the chairman does not act as campaign treasurer, shall be responsible for providing and maintaining such records of campaign finances as are necessary to comply with the provisions of this Part, including but not limited to the records specifically required by this Section.

B.(1) Except as otherwise provided in this Section, the campaign treasurer of each political committee shall keep such records of campaign contributions received and accepted by him or a deputy treasurer as shall be necessary to comply with the provisions of this Part,

including the names and addresses of all contributors, and the date of each contribution, the amount or value of the contribution of whatever value, and a description and valuation of all in-kind contributions.

(2) Payments made to purchase raffle tickets, campaign paraphernalia, such as campaign pins, buttons, badges, flags, emblems, hats, shirts, banners, literature, and similar items, other than expenditures made by a political committee for its own paraphernalia, and payments for tickets to testimonials and similar fundraising events are contributions, and records thereof shall be maintained, provided that:

(a) In the case of any single transaction involving the sale of raffle tickets or of items such as campaign pins, buttons, badges, flags, emblems, hats, banners, literature, and similar material which is for an amount not in excess of twenty-five dollars and the proceeds of which are received and deposited by a political committee, no record need be kept by the campaign treasurer for such recipient committee, except the total amount received and deposited from such sale and the fact that such amount was received from such sale.

(b) No person shall sell or buy raffle tickets or campaign paraphernalia in successive single transactions for amounts below those for which specific records are required by this Paragraph as a subterfuge to avoid requirements of this Part that names and addresses of contributors and dates and amounts of contributions be recorded, aggregated, and reported. Such transactions shall be considered single transactions and shall be recorded and reported as provided in this Part. Any person who violates the provisions of this Section shall be subject to the penalties provided in R.S. 18:1505.4, R.S. 18:1505.5, and R.S. 18:1505.6.

(3) The campaign treasurer of each political committee shall also keep such records of campaign expenditures made or contracted as shall be necessary to comply with the provisions of this Part, including the name and address of the person or firm from whom goods or services

were purchased or contracted, the date, the amount or value and the purpose of the expenditure, a description of the goods or services purchased or contracted, and a description and valuation of all in-kind expenditures.

(4) All transactions involving the sale of tickets to a testimonial or similar fundraising event shall be evidenced by a record of the names and addresses of the purchasers, the amount of tickets purchased, and the value of the tickets purchased.

C. The valuation of in-kind contributions or expenditures shall be the estimated fair market value thereof at the time received and expended.

D. A record shall be kept of all expenditures made from the petty cash fund for which provision is made in R.S. 18:1491.4, including the name and address of the person or firm from whom goods or services were purchased or contracted, the amount and the purpose of the expenditure, and a description of the goods or services purchased or contracted. In addition, a receipt shall be kept for each such expenditure in any case in which a receipt would normally be provided in the usual course of business.

E. A record shall be kept of each loan made by the committee to or from any person or political committee, together with the full name and address of the lender, of the recipient of the proceeds of the loan, and of any person who makes any type of security agreement binding himself or his property, directly or indirectly, for the repayment of all or any part of the loan. In addition, a record shall be kept of the repayment of each such loan and of the source of funds expended for repayment.

F. REPEALED BY ACTS 1993, NO. 199, §2, EFF. JUNE 1, 1993.

G. A record shall also be kept of:

(1) Cash investments and income received therefrom.

(2) All transfers of funds to or from another committee, the name and address of the committee to or from which the transfer is made and the date and amount thereof.

(3) All debts and obligations.

Each such firm, agency, or agent shall timely furnish to such political committee such information relative thereto as may be required for compliance with this Part. Failure by any such firm, agency or agent to timely furnish a political committee such information required for compliance with this Part shall be grounds for a civil action for damages.

I. A campaign treasurer shall preserve records required by this Part for six years; except a campaign treasurer for a committee which supports only one candidate shall preserve such records for two years after the final report which he is required by this Part to file for the election has been filed, including any supplemental reports required.

J. However, the use of campaign funds of a candidate or his principal or subsidiary committees to reimburse a candidate for expenses related to his political campaign or his holding of a public office or party position shall not be considered personal use by the candidate. If a candidate is required by state or federal law to pay taxes on the interest earned by campaign funds of the candidate or any political committee of the candidate, the candidate may use the interest on which such tax is paid for such purpose. A payment from campaign funds shall not be considered as having been spent for personal use when the funds are used to replace articles lost, stolen, or damaged in connection with the campaign.

(2) The provisions of this Subsection shall not apply to campaign funds received prior to July 15, 1988.

(3)(a) A candidate or his principal or subsidiary campaign committee shall not make an expenditure of funds derived from contributions for any purpose so long as the candidate owes a fine, fee, or penalty imposed by a final order of a court or the supervisory committee pursuant to the provisions of this Chapter and against which all appeal delays have lapsed. J.(1) Any candidate, treasurer, or chairman of a political committee who violates any provision of Subsection H or I of this Section shall be assessed a penalty of not more than five thousand dollars or the amount of the violation, whichever is greater, except that the penalty for a knowing and willful violation shall not be more than ten thousand dollars or two hundred percent of the violation, whichever is greater. "Knowing and willful", for purposes of this Subsection, means conduct which could have

been avoided through the exercise of due diligence. The civil penalties provided for in R.S. 18:1505.5 shall be inapplicable to violations of Subsection H or I. Enforcement of Subsections H and I shall be in the same manner provided for in Part VI of this Chapter.

(2) The supervisory committee shall notify the elected official in writing when he is subject to the forfeiture provided for in this Subsection. The notice shall provide the name of the elected official, the office he holds, the amount of the outstanding fines, fees, or penalties which are subject to forfeiture, and the date on which the forfeiture is to take effect. The supervisory committee shall send two copies of the notice by certified mail, one to the campaign address of the elected official on file with the supervisory committee and the other to the official address of the office which he holds. Additionally, the supervisory committee shall send a copy of the notice by certified mail to the entity which is responsible for disbursing the elected official's salary, along with instructions as to the proper method for forwarding the forfeited funds.

(3)(a) "Forfeiture" pursuant to this Subsection shall be an alternative means of collecting an outstanding fine, fee, or penalty imposed by a final order of a court or the supervisory committee pursuant to the provisions of this Chapter and against which all appeal delays have lapsed.

(b) On the next payroll date following the effective date of the forfeiture, and each payroll date thereafter so long as the forfeiture remains in effect, the entity which is responsible for disbursing the elected official's salary shall withhold that portion of the elected official's salary which is not exempt from seizure, as provided in R.S. 13:3881. This portion of the

elected official's salary shall be forwarded to the supervisory committee, as directed in the notice. The forfeiture shall remain in effect until such time as the supervisory committee notifies the entity which is responsible for disbursing the elected official's salary that the elected official has complied with the order.

(c) The entity which is responsible for disbursing the elected official's salary may withhold three dollars from the nonexempt portion of the elected official's salary for each pay period during which the forfeiture is in effect to cover the administrative costs of the forfeiture.

(4) The supervisory committee shall treat all sums forwarded to it under this Subsection as payments by the elected official of the outstanding fines, fees, or penalties and shall immediately notify the entity which is responsible for disbursing the elected official's salary when the elected official has complied with the order or when the fines, fees, and penalties have been paid in full from the forfeited funds.

(5) For the purposes of this Subsection, an elected official shall be deemed to have complied with a final order upon paying the fine, fee, or penalty in full or upon entering into and remaining current on an agreement with the supervisory committee providing for a payment schedule. The failure to remain current on a payment schedule shall subject the elected official to forfeiture.

B. Monies appropriated or otherwise made available to implement this Subpart shall be used for the improvement of the collections of the State Library of Louisiana and local public library resources, including the following purposes:

(1) To strengthen the central collections of the State Library of Louisiana.

A. The legislature recognizes the fundamental right of parents to make decisions as to the care, custody, and control of their children. This fundamental right includes the right to decide the upbringing and education of children under their control. Parents have the right to guide and direct the reading, listening, and viewing choices of their minor children. Many libraries lack adequate policies addressing the access of minors to sexually explicit materials. In furtherance of this fundamental right, it is the intent of the legislature to require libraries to adopt and implement policy language to limit the access of minors to sexually explicit materials.

B. As used in this Section, the following terms shall have the following meanings:

(1) "Digital content" means any book, e-book, audiobook, video book, essay, newspaper, magazine, film, or any other library material that is provided in a digital format.

(2) "Library patron" means a person residing in the parish in which the parish or municipal library is located who has reached the age of majority and who holds a library card from the library.

(3) "Sexual conduct" means any of the following:

(b) Sadomasochistic abuse, meaning actual, simulated, or animated, flagellation, or torture by or upon a person who is nude or clad in undergarments or in a costume that reveals the pubic hair, anus, vulva, genitals, or female breast nipples, or in the condition of being fettered, bound, or otherwise physically restrained, on the part of one so clothed.

(c) Actual, simulated, or animated touching, caressing, or fondling of, or other similar physical contact with, a pubic area, anus, female breast nipple, covered or exposed, whether alone or between humans, animals, or a human and an animal, of the same or opposite

sex, in an act of apparent sexual stimulation or gratification.

(d) Actual, simulated, or animated stimulation of a human genital organ by any device whether or not the device is designed, manufactured, or marketed for that purpose.

(e) Actual, simulated, or animated ultimate sexual acts, whether between human beings, animals, or a human being and an animal.

(4) "Sexually explicit material" means textual, visual, or audio material, produced in any medium, that depicts or describes sexual conduct.

C.(1) No later than January 1, 2024, each library established pursuant to the provisions of this Part or pursuant to the authority of a home rule charter as provided in Article VI, Section 5 of the Constitution of Louisiana shall adopt a policy to limit the access of minors to sexually explicit material. No later than June 1, 2024, each library shall implement the adopted policy.

(2) The policy shall include, at a minimum, all of the following:

(a) A requirement that community standards for the population served by the library be considered when acquiring library material that would be accessible to a minor through donation or purchase. However, nothing in this Section shall limit the acquisition of material by a library that implements the system provided for in Subparagraph (b) of this Paragraph.

(b) A library card system that requires a minor's parent or guardian to select whether the minor is permitted to check out sexually explicit material physically available in the library. The provision of this Subparagraph shall be satisfied by either of the following:

(i) A library card that restricts a minor from checking out any library material in a collection that the library board of control has, through majority vote in an open meeting, identified as containing sexually explicit material pursuant to a request for reconsideration.

(ii) A library card that restricts a minor from checking out any library material that the

library board of control has, through majority vote in an open meeting, identified as sexually explicit material pursuant to a request for reconsideration.

The library shall list in the library's policy each digital content source accessible by a minor that contains library material accessible for checkout that the library board of control has, through majority vote in an open meeting, identified as sexually explicit material pursuant to a request for reconsideration.

(d) A procedure that allows a library patron to request the reconsideration of whether a library material should be included in a library collection accessible to a minor. The procedure shall, at a minimum, include all of the following items:

(i) A process to review a reconsideration request made by a library patron. The review process shall include but is not limited to a written determination approving or denying the request, notification to the library patron making the request of the written determination, and the process to appeal the determination to the library board of control.

(ii) A requirement that a request for reconsideration of a library material that may include sexually explicit material be reviewed by the library board of control. The library board of control shall determine whether the library material meets the definition of sexually explicit material by majority vote in an open meeting.

(3) The adoption of the policy required by this Subsection may be by amendment to an existing library policy. The policy required by this Subsection may adopt the definitions in Subsection B of this Section by reference.

D. Nothing in this Section shall be construed to impose liability on an employee or agent of a library or a member of the library board of control.

and implement a policy required by Subsection C of this Section may withhold, during the period of noncompliance, the payments required by R.S. 25:220. The governing authority shall provide the library board of control sixty days' written notice prior to withholding any payments pursuant to this Paragraph.

(2) The State Bond Commission shall not consider any application authorizing the incurrence of debt or any application authorizing the levy of any tax where the proceeds of the debt or tax directly benefit a library that fails to adopt and implement the policy required by Subsection C of this Section until the library adopts and implements the policy.

§ 631. Interstate Library Compact; adoption

The Interstate Library Compact is hereby enacted into law and entered into by this state with all states legally joining therein in the form substantially as follows:

INTERSTATE LIBRARY COMPACT

Article I. Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis, and to authorize cooperation and sharing among localities, states and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

Article II. Definitions

As used in this compact:

(a) "Public library agency" means any unit or agency of local or state government operating or having power to operate a library.

(b) "Private library agency" means any nongovernmental entity which operates or assumes a legal obligation to operate a library.

(c) "Library agreement" means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.

Article III. Interstate Library Districts

(a) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of the library facilities and services for the area concerned in accordance

with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

1. Undertake, administer and participate in programs or arrangements for securing, lending or servicing of books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof.

2. Accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials and services (conditional or otherwise), from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.

3. Operate mobile library units or equipment for the purpose of rendering book-mobile service within the district.

4. Employ professional, technical, clerical and other personnel, and fix terms of employment, compensation and other

appropriate benefits and, where desirable, provide for the in-service training of such personnel.

5. Sue and be sued in any court of competent jurisdiction.

6. Acquire, hold and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.

7. Construct, maintain and operate a library, including any appropriate branches thereof.

8. Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

Article IV. Interstate Library Districts; Governing Board

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board, which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

Article V. State Library Agency Cooperation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint

acquisition, use, housing, and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall contain provisions covering the subjects detailed in Article VI of this compact for interstate library agreements.

Article VI. Library Agreement

(a) In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreement:

1. Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.

2. Provide for the allocation of costs and other financial responsibilities.

3. Specify the respective rights, duties, obligations and liabilities of the parties.

4. Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution, or statutes of its state.

(c) No library agreement shall become effective until filed with the compact administrator of each state involved and approved in accordance with Article VII of this compact.

Article VII. Approval of Library Agreements

(a) Every library agreement made pursuant to this compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they find that it does not meet the conditions set forth herein, and they shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within ninety days of its submission shall constitute approval thereof. Nothing in this compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

Article IX. Allocations and Aid

(a) Any public library agency party to a library agreement may allocate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

Article X. Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as

may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

Article XI. Entry into Force and Withdrawal

(a) This compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This compact shall continue in force with respect to a party state and remain binding upon such state until six months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

Article XII. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. PART II. PERMITS

§ 81. Location of business limited

A. No permit shall be granted under this Chapter in contravention of any municipal or parish ordinances adopted pursuant to the zoning laws of the state.

B.(1) No permit shall be issued by the commissioner or by any municipality or parish to authorize any business in any subdivision of the state where the business has been prohibited by referendum vote.

(2) In any subdivision where saloons are prohibited, but package sales of liquor are permitted, Class B package liquor permits may be issued in combination with Class A retail beer permits.

(3) Any premises licensed to deal in alcoholic beverages, upon proper application, shall be issued a permit for beverages of low alcoholic content as defined in R.S. 26:241. The new permit shall be of the same class as the one for which the premises has a license.

C.(1) When prohibited by municipal or parish ordinance, no permit shall be granted for any premises situated within three hundred feet or less, as fixed by the ordinance, of a public playground or of a building used exclusively as a church or synagogue, public library, school, full-time day care center as defined in R.S. 17:405(A)(4), or a correctional facility housing

inmates, including but not limited to a halfway house. In municipalities and in unincorporated areas which are divided into subdivisions with streets, blocks, and sidewalks, subject to the adoption of the alternate method of measurement as provided for in Paragraph (2) of this Subsection, this distance shall be measured as a person walks using the sidewalk from the nearest point of the property line of the church, synagogue, public library, public playground, school, full-time day care center, or correctional facility housing inmates, including but not limited to a halfway house to the nearest point of the premises to be licensed.

(2) A municipality may adopt an ordinance establishing an alternate method of measurement of the three hundred foot limitation by measuring in a straight line from the nearest point of the property line of the church or synagogue, public library, school, or full-time day care center to the nearest point of the premises to be licensed. Such alternate method of measurement shall only apply prospectively to the issuance of a new alcohol permit issued on or after the date the ordinance has been adopted.

D. Outside of municipalities and unincorporated areas which are not divided into subdivisions with streets, blocks, or sidewalks, parish ordinances may extend the prohibition to a distance of five hundred feet of the church, synagogue, public library, school, full-time day care center, playground, or a correctional facility housing inmates, including but not limited to a halfway house. The measurement of this distance shall be made in the same manner as the measurement is made in municipalities.

E. The prohibitions in this Section do not apply to any premises which are maintained as a bona fide hotel, or fraternal organization, nor to any premises which have been licensed to deal in alcoholic beverages for a period of one year or longer prior to the adoption of the ordinance.

F. For the purposes of this Section, "public library" shall mean a public library which is located in a permanent structure and is open to the public for three or more days per week.

PART II. PERMITS FOR DEALERS IN BEVERAGES OF LOW ALCOHOLIC CONTENT

§ [281](#). Location of business limited; exception

A. No permit shall be granted under this Chapter in contravention of any municipal ordinance adopted pursuant to the zoning laws of the state.

B. No permit shall be issued by the commissioner or local authorities to authorize the conduct of business in any subdivision of the state wherein that business has been prohibited by referendum vote.

C.(1)(a) When prohibited by municipal or parish ordinance, no permit shall be granted for any premises situated within three hundred feet or less, as fixed by the ordinance, of a public playground, of a building used exclusively as a church or synagogue, public library, school, or full-time day care center as defined in R.S. 17:405(A)(4), or correctional facility housing inmates, including but not limited to a halfway house. In municipalities and in unincorporated areas which are divided into subdivisions with streets, blocks, sidewalks, etc., subject to the adoption of the alternate method of measurement

as provided for in Paragraph (2) of this Subsection, this distance shall be measured as a person walks using the sidewalk from the nearest point of the property line of the church or synagogue, public library, public playground, school, full-time day care center, or a correctional facility housing inmates, including but not limited to a halfway house to the nearest point of the premises to be licensed.

(b) A municipality may adopt an ordinance establishing an alternate method of measurement of the three hundred foot limitation by measuring in a straight line from the nearest point of the property line of the church or synagogue, public library, school, or full-time day care center to the nearest point of the premises to be licensed. Such alternate method of measurement shall only apply prospectively to the issuance of a new alcohol permit issued on or after the date the ordinance has been adopted.

(2) The commissioner shall not deny any applicant located outside a municipality a permit based on the distance requirements of this Subsection, if the parish governing authority and the organization that operates the public playground or owns the building used exclusively as a church or synagogue, public library, school, full-time day care center, or the correctional facility housing inmates, including but not limited to a halfway house waive opposition to the applicant's permit. The provisions of this Paragraph shall not apply in the parishes of Pointe Coupee, West Baton Rouge, East Feliciana, West Feliciana, and St. Bernard.

D. Police juries may enact ordinances extending the distances between licensed premises and the property line of churches, synagogues, public libraries, public playgrounds, schools, full-time day care centers, and correctional facilities housing inmates, including but not limited to halfway houses to five hundred feet.

E. The provisions of this Section shall not apply to registered pharmacists or licensed drug stores, licensed under the laws of the state of Louisiana who are permitted to sell alcoholic

beverages by prescription only, either of high or low alcoholic content under Chapter 1 or Chapter 2 of Title 26 of the Louisiana Revised Statutes of 1950.

F. Should any premises licensed to deal in beverages of low alcoholic content be located within a distance less than that provided by a municipal or parish ordinance pursuant to this Section from property which is purchased or acquired after the license was obtained for the construction, erection, movement, or development of a public playground or a building used exclusively as a church or synagogue, public library, school, full-time day care center, or correctional facility housing inmates, including but not limited to a halfway house, such subsequent purchase or acquisition shall not be grounds for the revocation, withholding, denial, or refusal to renew the permit on said premises either by state or local authorities.

G. In undeveloped rural areas, the distance shall be measured in a straight line from

the nearest point to the nearest point of the respective premises.

H. The provisions of this Subsection shall not apply to municipalities with over four hundred thousand population.

I. Notwithstanding the provisions of this Section or any other law to the contrary, the sale of six percent alcohol by volume shall be allowed in any political subdivision which has approved the sale of three and two-tenths percent alcohol by weight until such time as prohibited by a referendum vote of the qualified electors within that political subdivision.

J. For the purposes of this Section, "public library" shall mean a public library which is located in a permanent structure and is open to the public for three or more days per week.

CHAPTER 8. VIDEO DRAW POKER DEVICES CONTROL LAW

PART III. LICENSING AND TYPES OF LICENSES

Section

422. Truck stop locations; prohibited distances; prohibited structures.

PART III. LICENSING AND TYPES OF LICENSES

§ 422. Truck stop locations; prohibited distances; prohibited structures

A. No license shall be granted to any qualified truck stop facility located, at the time application is made for a license to operate video draw poker devices, within one mile from any property on the National Register of Historic Places, any public playground, any residential property, or a building used primarily as a church, synagogue, public library, or school. The measurement of the distance shall be a straight line from the nearest point of the truck stop facility to the nearest point of the property on the National Register of Historic Places, the public playground, residential property, or a building used primarily as a church, synagogue, public library, or school.

B. After an application is filed with the division, the subsequent construction, erection, development, or movement of a property identified in Subsection A of this Section which causes the location of a qualified truck stop facility to be within the prohibited distance shall not be cause for denial of an initial or renewal application or revocation of a license.

C. The prohibition in Subsection A of this Section shall not apply to the location of a

qualified truck stop facility which applied for a license or was issued a license on or before June 1, 2010, or which applied for or was issued a certificate of compliance as required by R.S. 27:452(C) or a valid building permit on or before June 1, 2010, and subsequently issued a license. Such location shall be eligible for a qualified truck stop facility license without reference to the prohibition in Subsection A of this Section unless after having obtained a license, a qualified truck stop facility has not been licensed at that location for thirty-six consecutive months and application for licensing is not made within that thirty-six-month period.

D.(1) For locations on which a truck stop facility has not been completely constructed, if application for licensing was made on or before August 1, 2012, the prohibited distance shall be one mile from any property on the National Register of Historic Places, any public playground, residential property, or a building used primarily as a church, synagogue, public library, or school.

(2) The measurement of the distances shall be a straight line from the nearest point of the truck stop facility to the nearest point of the property on the National Register of Historic Places, the public playground, residential property, or a building used primarily as a church, synagogue, public library, or school.

E. If a parish or municipality does not have a zoning ordinance which designates certain property within their jurisdiction as residential property, the governing authority of the parish or municipality shall have the authority to designate to certain areas of their jurisdiction as residential districts for the purpose of this Section.

F. If application for licensing is made after August 1, 2012, the prohibition in Subsection A of this Section shall apply.

G. "Residential property" shall mean any property which is wholly or partly used for or intended to be used for living or sleeping by

human occupants and which includes one or more rooms, including a bathroom and complete kitchen facilities. Residential property shall include a mobile home or manufactured housing, provided that it shall have been in its present

location for at least sixty days. Residential property shall not include any hotel or motel.

MOTOR VEHICLES AND TRAFFIC REGULATION

Chapter

2. Driver's License Law [in part]

CHAPTER 2. DRIVER'S LICENSE LAW

Section

408. Examination of applicants required; classes of licenses.

§ 408. Examination of applicants required; classes of licenses

A.(1) Except as otherwise provided, every applicant must pass a written knowledge and skills test for a motor vehicle representative of the type of motor vehicle he operates or expects to operate, or provide evidence on a form approved by the department that he has successfully passed the written knowledge test and a driving or skills test administered by an authorized third party. In addition to the specialized knowledge and skills tests, each such examination shall include: a test of the applicant's eyesight; his ability to understand highway signs regulating, warning, and directing traffic; his knowledge of railroad and highway grade crossing safety; his knowledge of sharing the road with motorcycles and tractor/trailer trucks; his knowledge of the economic effects of littering; his knowledge of distracted driving issues; his knowledge of trailer safety; his knowledge of accessible parking and access aisles; his knowledge of appropriate driver conduct when stopped by a law enforcement officer; and his knowledge of all relevant traffic regulations.

(2) All tests shall be constructed in such a way as to determine if the applicant possesses the required knowledge and skills for the group of motor vehicles that will be operated. The department shall develop specifications for tests for each vehicle group and endorsement, which shall be at least as stringent as the standards established by the Federal Highway Administration in 49 Code of Federal

Regulations Part 383. The department shall determine specific methods for scoring the knowledge and skills tests. The department shall develop standardized scoring sheets for the skills tests, as well as standardized driving instructions for the applicant. Knowledge and skills tests shall be based solely on information contained in the driver's manual. Each test shall have administrative procedures, designed to achieve inter-examiner reliability, that are sufficient to ensure fair pass/fail rates. The knowledge tests may be given in oral, written, or automated form. A simulator or off-road course may be used for skills testing as long as such testing is combined with actual on-the-road testing. If the applicant does not obey traffic laws or causes an accident during the test, he shall automatically fail the test.

(3) Each knowledge test for a Group "D" or "E" vehicle shall contain at least thirty-two items, exclusive of the number of items testing airbrake knowledge. Not less than two of the thirty-two items shall be relative to railroad and highway grade crossing safety. Not less than two of the thirty-two items shall be relative to the economic effects of littering. For each endorsement, the knowledge test and the airbrake component of the basic knowledge test shall contain a number of questions that are sufficient to test the applicant's knowledge of the required subject matter with validity and reliability. The applicant for a Class "A", "B", "C", "D", or "E" license shall correctly answer at least eighty percent of the questions on each knowledge test in order to achieve a passing score on such knowledge test. To achieve a passing score on the skills test, an applicant for a Class "A", "B", "C", "D", or "E" license shall demonstrate that he can successfully perform all of the required skills. If an applicant for a Class "A", "B", or "C" commercial driver's license scores less than eighty percent on the airbrake component of the basic knowledge test, the driver shall fail the airbrake component and, if the driver is issued a

driver's license, an airbrake restriction shall be indicated on the commercial driver's license. If an applicant for a Class "A", "B", or "C" commercial driver's license performs the skills test in a vehicle not equipped with air brakes, the driver shall have omitted the airbrake component of the skills test and, if the driver is issued a driver's license, the airbrake restriction shall be indicated on the license.

(4)(a) The knowledge and skills tests for all applicants may be administered by the department or the department may elect to authorize a third party, including another state, an employer, a public license tag agent, a private training facility or other private institution, driver education course provider, or a department, agency, or instrumentality of state or local government, to administer knowledge and skills tests to applicants for Class "D" or "E" drivers' licenses and to administer skills tests to applicants for a Class "A", "B", or "C" commercial driver's license. The department may contract with or enter into agreements with such third parties or certify or license them to perform the testing. However, the department shall ensure that examiners are qualified to administer the tests on the basis of training or other experience. The department shall establish minimum qualifications for persons administering driver's license tests and prescribe the procedures to be used, including procedures which ensure confidentiality of tests. The tests given by the third party shall be the same as those that would otherwise be given by the department.

(b) All third-party examiners shall meet the same qualifications and training as state examiners to the extent necessary to conduct knowledge and skills tests in compliance with this Subsection. Department employees shall at least every two years take the tests actually administered by the third party as if the employee were a test applicant, or the department shall test a sample of drivers who were examined by the third party to compare pass/fail results. These requirements and conditions shall be included in any third-party contract or agreement and shall

be a part of any license, certificate, or permit issued to such third parties. The department shall devise a system to regulate such third parties and the regulations shall have the full force and effect of law.

(c) The department shall submit any such third party contract or agreement to the commissioner of the division of administration for his approval.

(d) The third party shall provide proof of testing in a manner prescribed by the department.

(e) The Federal Highway Administration, or its representative, and the department, or its representative, may conduct random examinations, inspections, and audits without prior notice. The department, or its representative, shall conduct a random inspection at least annually.

(f) The department shall set the cost of any license, permit, or certificate to test applicants and may set any maximum fee that such third parties may charge applicants.

(g) In addition to any other applicable sanction, improper issuance of proof of successful completion of the knowledge and skills tests shall subject the third party to the penalties imposed by this Chapter, up to a five thousand dollar civil penalty per violation, or revocation or suspension of the privilege to test applicants, or both.

(5) Notwithstanding any other provision to the contrary, the skills test required for Classes "A", "B", and "C" commercial driver's licenses shall be waived for an applicant who meets one of the following requirements:

(a) Certifies that, during the two-year period immediately prior to applying for a commercial driver's license, he has not had any of the following:

(i) More than one license, except for a military license.

(ii) Any license suspended, revoked, or cancelled.

(iii) Any convictions for any type of motor vehicle for the disqualifying offenses

contained in Federal Motor Carrier Safety Administration Regulations.

(iv) More than one conviction for any type of motor vehicle for serious traffic violations contained in Federal Motor Carrier Safety Administration Regulations.

(v) Any conviction for a violation of military, state, or local law relating to motor vehicle traffic control, other than a parking violation, arising in connection with any traffic accident, and has no record of an accident in which he or she was at fault.

(b) Provides evidence and certifies that he is or was any of the following:

(i) Regularly employed within the last twelve months in a military position requiring operation of a commercial motor vehicle.

(ii) Exempted from the commercial driver's license requirements in 383.3(c) of the Federal Motor Carrier Safety Administration Regulations.

(iii) Operating a vehicle representative of the commercial motor vehicle the driver applicant operates or expects to operate, for at least the two years immediately preceding discharge from the military.

(6) At the discretion of the department, the driving skills tests may be waived for a driver who is licensed prior to the institution of the new testing program and substituted with either an applicant's driving record and previous passage of an acceptable skills test, or an applicant's record in combination with at least two years of driving experience in a vehicle representative of the vehicle he operates or expects to operate.

(7) In addition to the exemptions granted in Subsection (A)(6) of this Section, the department may exempt the drivers of the vehicles listed in Subsection (A)(8) of this Section from the retest requirements.

(8) The department may permit drivers possessing a valid Class "D" or "E" license issued pursuant to this Chapter to operate the following vehicles without a commercial driver's license, subject to the following limitations:

(a) A vehicle designed for personal use unless used for commercial purposes or used to transport hazardous materials required to be placarded.

(b) A farm vehicle which is controlled and operated by a farmer, including operation by employees or family members, is used to transport agricultural products, farm machinery, or farm supplies, to or from a farm, is not used in the operations of a common or contract motor carrier, and is used within one hundred fifty miles of the farmer's farm. In order to qualify for this exemption, an applicant shall meet the following criteria:

(i) An applicant with one to two years of driving experience shall demonstrate a satisfactory operating record for his entire driving history. An applicant with more than two years of driving experience shall demonstrate a satisfactory operating record for the two most recent years of his driving history. An applicant who has not previously been issued a driver's license shall not be eligible for this exemption.

(ii) For purposes of this Subparagraph, "satisfactory operating record" shall mean that an applicant has not had more than one license, has not had any license suspended, revoked, or canceled, has not had any conviction for a driving offense which requires disqualification as provided for in R.S. 32:414.2, has not had any conviction of a serious traffic violation as provided for in R.S. 32:414.2, and has not had any conviction of a state or local law relating to traffic control, other than a violation arising in connection with a traffic accident, and has no record of an accident in which the applicant was at fault.

(9) The department is authorized to promulgate rules and regulations necessary to administer and enforce this Subsection, in accordance with the Administrative Procedure Act, subject to oversight by the Joint Legislative Committee on Transportation, Highways, and Public Works. The department may delegate the duties and authority imposed by this Subsection.

(10) Provision shall be made for examination in the parish wherein an applicant resides, except for commercial driver skill and knowledge testing. The department shall locate testing centers for driver skill and knowledge testing in locations convenient to applicants.

(11) One of the motor vehicle field offices established within a parish shall be located in the parish seat. If an existing office is not in the parish seat, an additional office shall be located in the parish seat.

B.(1) There shall be three general types of drivers' licenses:

(a) The "Commercial Driver's License" (Classes "A", "B", and "C").

(b) The "Chauffeur's License" (Class "D").

(c) The "Personal Vehicle Driver's License" (Class "E").

(2) A commercial driver's license shall be required when a vehicle is used in commerce as defined in this Chapter, and is a commercial motor vehicle as defined in this Chapter. A farmer shall not need a commercial driver's license when operating a motor vehicle as provided for in Subparagraph (e) of this Paragraph. The department may elect to or, if required by the Federal Highway Administration, shall change the weight and passenger limits expressed herein to conform to regulations by the Federal Highway Administration. The department shall do so by regulations promulgated in accordance with the Administrative Procedure Act subject to oversight by the Joint Legislative Committee on Transportation, Highways and Public Works. A commercial learner's permit issued to an individual of this state or another jurisdiction, in accordance with rules and regulations of the Federal Motor Carrier Safety Administration, when carried with a valid driver's license issued by the same state or jurisdiction, authorizes the permittee to operate a class of commercial motor vehicle when accompanied by a holder of a valid commercial driver's license for purposes of behind-the-wheel training. When issued to the

holder of a commercial driver's license, a commercial learner's permit serves as authorization to take part in behind-the-wheel training in a commercial motor vehicle for which the driver is not licensed to drive. The different classes of drivers' licenses to be issued shall be as follows:

(a)(i) Class "A" "Commercial Driver's License" - "Combination Vehicle".

Permits the operation of all vehicles within Classes "B", "C", "D", and "E", with any appropriate endorsements, and any combination of vehicles with a gross combination weight rating of twenty-six thousand and one or more pounds, provided that the gross vehicle weight rating of the vehicle or vehicles being towed is in excess of ten thousand pounds. This class of vehicles does not include the operation of motorcycles and motor scooters except as an endorsement to the basic license.

(ii) Restriction. An individual who takes a skills test for a Class "A" Commercial Driver's License in a motor vehicle other than a tractor-trailer combination, sometimes referred to as an "eighteen wheeler", shall be issued a license with a restriction prohibiting the operation of a tractor-trailer combination. This restriction shall be lifted only if the individual successfully completes a skills test in a tractor-trailer combination. For purposes of this Item, a power unit with a gross vehicle weight rating of less than twenty-six thousand one pounds shall not qualify as the tractor portion of a tractor-trailer combination. An individual who takes a skills test for a Class "A" commercial driver's license in a motor vehicle with the power unit and towed unit connected with a pintel hook or other non-fifth wheel connection, shall be issued a license with a restriction prohibiting the operation of a tractor-trailer combination connected by a fifth wheel that requires a Class "A" commercial driver's license.

(b) Class "B" Commercial Driver's License - "Heavy Straight Vehicle".

Permits the operation of any vehicle within Classes "C", "D", and "E", with any

appropriate endorsements, plus any single vehicle with a gross vehicle weight rating of twenty-six thousand and one or more pounds, or any such vehicle towing a vehicle not in excess of ten thousand pounds gross vehicle weight rating. A "straight vehicle" is defined for the purpose of this class as being one that does not bend or have any moveable joint in its frame between the driver's seat and the cargo or passenger compartment. This class does not include the operation of motorcycles and motor scooters except as an endorsement to the basic license.

(c) Class "C" Commercial Driver's License - "Light Vehicle".

Permits the operation of any vehicle within Classes "D" and "E", with any appropriate endorsements, plus any single vehicle less than twenty-six thousand and one pounds gross vehicle weight rating, or any such vehicle towing a vehicle not in excess of ten thousand pounds gross vehicle weight rating. This group includes vehicles designed to transport sixteen or more passengers including the driver and which are not within the definition of a Group "A" or "B" vehicle, and vehicles used in the transportation of materials found to be hazardous for purposes of the Federal Hazardous Materials Transportation Act, 49 United States Code 1801 et seq. or under state law or regulation and which require the motor vehicle to be placarded under the Federal Hazardous Materials Regulations (49 Code of Federal Regulations Part 172, Subpart F) or under state law or regulation. This class does not include the operation of motorcycles and motor scooters except as an endorsement to the basic license.

(d) Class "D" Chauffeur's License.

Permits the operation of all vehicles included in Class "E" plus any single motor vehicle used in commerce to transport passengers or property if the motor vehicle has a gross vehicle weight rating of ten thousand one or more pounds but less than twenty-six thousand one pounds, or any combination of vehicles used in commerce to transport passengers or property if

the motor vehicle has a combined gross vehicle weight rating of ten thousand one or more pounds but less than twenty-six thousand one pounds inclusive of a towed unit with a gross vehicle weight rating of more than ten thousand pounds; or any vehicle designed or utilized for the transportation of passengers for hire or fee; and not utilized in the transportation of materials found to be hazardous under the provisions of the Hazardous Materials Transportation Act which requires the vehicle to bear a placard under the provision of Hazardous Materials Regulations (49 CFR Part 172, Subpart F).

(e) Class "E" Driver's License - "Personal Vehicle".

Permits the operation of any single motor vehicle under ten thousand one pounds gross vehicle weight rating or any such vehicle towing a vehicle not in excess of ten thousand pounds gross vehicle weight rating; any personal use of recreational vehicle or combination of vehicles; or any vehicle which is not within the definition of Group "A", "B", "C", or "D" and not utilized in the transportation of materials found to be hazardous under the provision of the Hazardous Materials Transportation Act which requires the vehicle to bear a placard under provisions of the Hazardous Materials Regulations (49 CFR Part 172, Subpart F). This class of vehicles does not include the operation of motorcycles and motor scooters except as an endorsement to the basic license.

(3) The department shall issue endorsements for commercial drivers' licenses if applicants for such endorsements pass the appropriate knowledge and skills tests necessary for issuance of the endorsement and if the applicant passes any requisite security assessment for issuance of a particular endorsement. However, if an applicant for an endorsement is eligible for a waiver of the test requirements pursuant to any applicable federal waiver program implemented by the department at the time the applicant applies for the endorsement, the department shall issue the endorsement to the applicant. A federal waiver

program may be implemented at the department's discretion. The following endorsements shall be available to the classes of commercial drivers' licenses:

(a) "T" - double/triple trailers. This endorsement shall not be construed so as to allow operation of triple trailer combinations in this state.

(b) "P" - passenger vehicle.

(c) "N" - tank vehicle.

(d) "H" - hazardous materials. This endorsement may be issued only if the department receives a "Determination of No Security Threat" from the Transportation Security Administration. This endorsement shall be denied or revoked if the Transportation Security Administration issues a "Determination of a Threat" assessment.

(e) "X" - combination tank vehicle and hazardous materials.

(f) "S"-school bus. This endorsement shall be denied or canceled if the applicant is disqualified in accordance with R.S. 32:414.2(E).

(g) Any other endorsement required by the department as long as it is fully explained on the license.

(4) There shall be the following restrictions possible to the classes of commercial driver's license:

(a) "L" - airbrake restriction.

(b) Any other restriction required by the department as long as it is fully explained on the license.

(c) Repealed by Acts 2008, No. 160, §2.

(5) The department may elect to issue a "nonresident commercial driver's license" to a person domiciled in a foreign country if the Federal Highway Administrator has determined that the commercial motor vehicle testing and licensing standards in the foreign domicile do not meet the standards contained in 49 Code of Federal Regulations Part 383. If the department elects to issue nonresident commercial drivers' licenses, the procedures for issuance and the notification to the Commercial Driver's License Information System shall be the same as those

pertaining to any other commercial driver's license. Prior to issuing any nonresident commercial driver's license, the department shall establish enforcement procedures for disqualifying the holder of a nonresident commercial driver's license and for withdrawing, suspending, canceling, or revoking the nonresident commercial driver's license under the same conditions applicable to a commercial driver's license issued to a resident of this state. The department may set the fees to be charged for such license and the duration of such license by regulation in accordance with the Administrative Procedure Act subject to oversight by the Joint Legislative Committee on Transportation, Highways and Public Works.

(6)(a) Notwithstanding any other provision of law to the contrary, the department shall issue a temporary driver's permit to an applicant who is a foreign national who has been present in the state for thirty or more days and who is employed in the agricultural industry; provided, however, that any person's status for the purposes of this Paragraph shall be determined regardless of immigration status.

(b) Such applicant shall provide an individual taxpayer identification number issued to the applicant by the Internal Revenue Service, proof of Louisiana residency, and any other forms of identification required by the department. Proof of residency shall include but not be limited to paid receipts for utility bills and bank statements.

(c)(i) A temporary driver's permit shall be readily distinguishable from all other permits and licenses issued by the department. Such permit shall expire one year from the date of issuance and may be renewed annually if the driver remains qualified pursuant to this Paragraph. Renewal of the permit shall be made in person.

(ii) The temporary permit shall be considered a license to drive and shall not be considered a form of identification.

(d) The department may set the fees to be charged for such permit by regulation in accordance with the Administrative Procedure

Act, subject to oversight by the Joint Legislative Committee on Transportation, Highways and Public Works.

(7)(a) Commercial driver applicants not meeting the physical standards as set forth in 49 CFR 391.41(b)(10), pertaining to vision requirements, may apply to the department for an intrastate driver waiver. Minimum vision requirements for such waiver are as follows:

(i) Distant visual acuity of at least 20/40 (Snellen) or better in at least one eye with or without corrective lenses.

(ii) Field of vision of at least seventy degrees in one direction and thirty-five in the other direction of the horizontal meridian of the applicant's better eye.

(iii) The ability to distinguish colors of signals and devices showing standard red, green, and amber as demonstrated by ishihara color plates or their equivalent.

(b) The applicant for the waiver shall supply the department with the following information when requesting the waiver:

(ii) A copy of any medical certificate issued as a result of a medical examination completed pursuant to 49 CFR 391.43.

(iii) A medical evaluation completed by an optometrist certified by the Louisiana State Board of Optometry Examiners to treat diseases and disorders of the eye and its adnexa or an ophthalmologist certified by the American Board of Ophthalmology. If the visual impairment is a progressive disorder, a medical evaluation completed by an optometrist certified by the Louisiana State Board of Optometry Examiners to treat diseases and disorders of the eye and its adnexa or an ophthalmologist certified by the American Board of Ophthalmology as required in this Item shall be supplied to the department every six months for the duration of the waiver.

(iv) A copy of the driver applicant's road test and certificate issued pursuant to 49 CFR 391.31(b) through (g).

(v) A copy of the driver applicant's previous waiver of certain physical defects, when applicable.

(vi) The class of vehicle to be used by the applicant, if granted a waiver. To qualify for the waiver, the applicant shall have had two years commercial driving experience within the five years immediately preceding the application date for the class of vehicle indicated. This driving experience shall be verified by a notarized statement provided by the applicant's current or previous employers or by himself, if self-employed.

(vii) Evidence, on a form approved by the department, that the applicant has successfully passed a skills test administered by an authorized third party for the class of vehicle to be used by the applicant, if granted a waiver. The skills test shall be administered following the diagnosis which prevents the applicant from failing to meet the physical standards set forth in 49 CFR 391.41(b)(10), pertaining to vision requirements. The skills test required by this Item shall be required only upon the initial application for a waiver issued pursuant to this Paragraph.

(c) The department shall issue an intrastate driver waiver to an applicant if it finds that he meets the minimum vision requirements as stated by Subparagraph (a) and Items (b)(i) through (iii) of this Paragraph, and granting the waiver would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such waiver.

(d) Applicants granted a waiver shall drive only within the territorial limits of Louisiana.

(e) Applicants who are issued a waiver are prohibited from transporting passengers for hire, manifested hazardous wastes, or hazardous material required to be placarded. In addition, applicants who are issued a waiver pursuant to this Paragraph are prohibited from driving commercial motor vehicles for public utilities that are regulated by the Louisiana Public Service Commission or the city council of the city of New Orleans.

(f) Waivers granted pursuant to this Paragraph shall be valid for the duration of the applicant's commercial driver's license. An applicant desiring a waiver pursuant to this Paragraph shall reapply for the waiver each time he renews his commercial driver's license. The skills test required by Item (b)(vii) of this Paragraph shall be required only upon the initial application for a waiver issued pursuant to this Paragraph.

(g) Nothing in this Paragraph shall be construed to relieve a commercial driver of any of his responsibilities required by state or federal law, rule, or regulation.

(h) The Department of Public Safety and Corrections, office of motor vehicles, may, in accordance with the Administrative Procedure Act, promulgate rules and regulations for the efficient implementation and enforcement of this Paragraph.

C.(1) Motorcycles, motor driven cycles, and motorized bicycles shall not be given a separate class, as such, but their use shall be provided for by making an endorsement on one of the basic classes outlined in this Section. Such an endorsement shall be made only after the applicant has taken and successfully passed tests specifically designed for the operation of such vehicles. No written knowledge test or operator's skill test shall be required if an applicant has successfully completed the Motorcycle Safety, Awareness, and Operator Training Program provided in R.S. 32:402.3.

(2) The provisions of this Subsection shall not apply to motorcycles, motor driven cycles, and motorized bicycles under five horsepower. Their operation shall not require a license or endorsement.

(3) The provisions of Paragraph (1) of this Subsection shall not apply to autocycles as defined by R.S. 32:401. As such, the operation of an autocycle shall not require a special endorsement but shall require only that the operator hold a valid driver's license.

F.(1) The department shall make provisions for testing noncommercial driver's license or special certificate applicants in languages other than English and for testing deaf applicants. However, this shall not be construed to require the department to furnish an interpreter. Except as required by 49 CFR Part 383.133, a skills test for a commercial driver's license shall be conducted in English without the use of interpreters.

(2) Notwithstanding Subsection (G)(1) of this Section, a driver, unless exempted by the department by rule or regulations, who transports hazardous materials required to be placarded or who is otherwise subject to the English literacy requirement of 49 CFR Part 391, shall be able to read and speak the English language sufficiently to converse with the general public, to understand highway traffic signs and signals in the English language, to respond to official inquiries, and to make entries on reports and records.

G. The deputy secretary of public safety services shall adopt and promulgate any rules and regulations relative to motor carrier operator qualifications, including minimum qualifications of operators of motor rules and regulations in accordance with the Administrative Procedure Act. Oversight review shall be conducted by the

Joint Legislative Committee on Transportation, Highways, and Public Works. All rules and regulations adopted by the deputy secretary relative to motor carrier vehicle operator qualifications shall be consistent with the regulations of the United States Department of Transportation contained in Title 46 and Title 49 of the Code of Federal Regulations relative to motor carrier safety and the transportation of hazardous materials.

(b) To provide for the graveling of school bus turnarounds when requested to do so by the parish school board, without the necessity of the parish school board furnishing materials or contributing funds to the police jury for such purpose if it is determined by the police jury to be in the best interest of the parish and the parish road system. Provided, however, that nothing herein shall prohibit parish school boards from providing gravel or contributing funds to the local governing authority for the graveling of school bus turnarounds; and in addition,

(c) The police juries may, upon request of the governing authority of any incorporated municipality, perform all or any part of the repair, maintenance and care of roads, streets, alleys, bridges and culverts and other drainage facilities, situated within and under the jurisdiction of such incorporated municipality, and may expend for such purposes any funds made available to them for road purposes. This privilege shall not extend to any ferries or bridges already established, until the expiration of their charters; nor to any ferries or bridges within the control of municipal corporations, save and except with the consent

and approval of the council of the municipal corporation who may waive their jurisdiction in favor of the police juries; but no toll shall ever be charged on such bridge, and said police juries may lease the ferries within their respective parishes for any number of years, not to exceed five years, and the lessees of said ferries shall give bond and security annually, payable to the president of the police jury, in such sum as may be required, for the faithful performance of their duties as public ferrymen.

the police jury shall have authority to have such grass and weeds cut and removed and to charge the property owners therefor in accordance with regulations adopted by the police jury. Upon failure of any such property owner to pay the charges, the police jury may file a certified copy of said charges with the recorder of mortgages, and the same, when so filed and recorded, shall operate as a lien and privilege in favor of the parish against the property on which said weeds and grass were cut and removed. If the owners of vacant lots outside municipalities in the parish fail to cut and remove such grass and weeds when requested to do so, within fifteen days after receipt of a registered or certified letter by the governing authority, the governing authority shall have authority to have such grass and weeds cut and removed and to charge the property owners therefor in accordance with regulations adopted by the governing authority. Upon failure of any such property owner to pay the charges, the governing authority may file a certified copy of said charges with the recorder of mortgages, and the same, when so filed and recorded, shall operate as a lien and privilege in favor of the parish against the property on which said weeds and grass were cut and removed. The lien and privilege granted under this Paragraph, when recorded within sixty days from the date of completion of the cutting or removal, shall have

the same ranking as an ad valorem tax lien on immovable property as provided in R.S. 9:4821(A)(1). The governing authority may adopt ordinances to add grass cutting charges as heretofore enumerated to the annual ad valorem tax bill of the property involved if the charges remain unpaid; the ad valorem tax lien imposed thereby and such rights attendant thereto shall coexist with those granted under this Item.

(b)(i) The governing authority of the parishes of Jefferson and St. Bernard may enact ordinances regulating or prohibiting the growth or accumulation of grass, obnoxious weeds, or other deleterious or unhealthful growths, trash, debris, refuse, or discarded or noxious matter.

(ii) In the exercise of the authority granted by this Subparagraph, the parish governing authority may, among other things, but not by way of limitation, require or compel property owners to cut or remove such grass, obnoxious weeds, or other deleterious or unhealthful growths, trash, debris, refuse, or discarded or noxious matter on their property.

(iii) If the owner of any lot located within recognized subdivisions outside municipalities in the parish fails to cut or remove such matter when requested to do so by the governing authority, within fifteen days after receipt of such request or notice by a registered or certified letter or other adequate notice, the governing authority may have such matter cut or removed and may charge such property owner in accordance with regulations adopted by the governing authority.

(iv) Upon failure of any such property owner to pay the charges, the governing authority may file a certified copy of the charges with the recorder of mortgages, and the same, when so filed and recorded, shall operate as a lien and privilege in favor of the parish against the property on which the matter was cut or removed. In the parishes of Jefferson and St. Bernard, the lien and privilege granted under this Paragraph, when recorded within sixty days from the date of completion of the cutting or removal, shall have the same ranking as an ad valorem tax lien on

immovable property as provided in R.S. 9:4821(A)(1).

(v) The parish may, at its option, enact ordinances to add cutting and removal charges to the annual ad valorem tax bill of the property involved. CHAPTER 24. CONTRACTORS

PART I. GENERAL

Section

2165. Bid procedures; penalty.

PART I. GENERAL

§ 2165. Bid procedures; penalty

A.(1) It is the intent of this Section that only contractors who hold an appropriate active license be awarded contracts either by bid or through negotiation. All architects, engineers, and awarding authorities shall place in their bid specifications the requirement that a contractor shall certify that he holds an active license in accordance with the provisions of this Chapter by displaying his license number on the bid envelope. In the case of an electronic bid proposal, a contractor may submit an authentic digital signature on the electronic bid proposal accompanied by the contractor's license number in order to meet the requirements of this Paragraph. Except as otherwise provided by this Subsection, if the bid does not display the contractor's license number on the bid envelope, the bid shall be automatically rejected, returned to the bidder marked "Rejected", and not be read aloud.

(2) Any bid that does not require the contractor to hold an active license shall state the exemption on the bid envelope and shall be treated as a lawful bid for the purposes of this Section.

(3) On any project that has been classified by the architect or engineer, prior to the bid, as a plumbing project, bids may be accepted only

from those who have as a qualifying party a person who has complied with the provisions of Chapter 16 of this Title, R.S. 37:1361 et seq.

(4) Any contractor who submits a bid for a type of construction for which he does not hold an active license to perform shall be acting in violation of this Section and shall be subject to all provisions for violations and penalties thereof.

(5) Any subcontractor who submits a bid or quotes a price to any unlicensed or inactive prime contractor shall be subject to all provisions for violations and penalties thereof.

B. In no event shall proposal forms be issued later than twenty-four hours prior to the hour and date set for receiving proposals.

C. The architect, engineer, or awarding authority shall classify public projects. Once the project is classified, any interested person may object by sending a certified letter to both the board and the architect, engineer, or awarding authority stating with particularity the reasons for the objection. The objection shall be submitted to the board and the architect, engineer, or awarding authority in writing by certified mail at least ten working days prior to the date on which bids are to be opened. Upon receipt of the protest for the project classification, the Licensing Board Compliance and Administrative staff will review

the scope of work and offer a recommendation for the proper classification to the architect, engineer, or awarding authority within five working days after receipt of the objection. Any objection to the classification not made in accordance with this Section shall be considered waived.

D.(1) Any awarding authority or its agent who violates the provisions of this Section shall be deemed guilty of a misdemeanor and, upon conviction, be punished by a fine of not less than one hundred dollars or more than two hundred dollars or imprisonment in the parish jail for not less than thirty days nor more than sixty days, or both. Any fine and imprisonment are at the discretion of the court.

(2) In addition to the penalties prescribed in Paragraph (1) of this Subsection, the board may, after notice and a hearing, impose a fine upon any awarding authority or its agent who intentionally violates the provisions of this Section. The board may not impose any fine as authorized by this Paragraph on the state, its agencies, boards, or commissions, or any political subdivision thereof.

transfer from another public entity, or whose funding relies upon the full faith and credit of the state. For the purposes of this Section, the term "state funds" shall also include any federal funds, including grants, that pass through the state.

B. Any public entity that has been subject to the restrictions in Subsection A of this Section, upon coming into compliance with the provisions of R.S. 24:513, shall immediately inform the Legislative Audit Advisory Council in writing of their compliance and upon confirmation of compliance by the Legislative Audit Advisory Council shall be immediately released from the restrictions that were imposed.

Acts 2017, No. 399, §1.

§ 2212. Advertisement and letting to lowest responsible and responsive bidder; public work; electronic bidding; participation in mentor-protégé program; exemptions

A.(1)(a) All public work exceeding the contract limit as defined in this Section, including labor and materials, to be done by a public entity shall be advertised and let by contract to the lowest responsible and responsive bidder who bid according to the bidding documents as advertised, and no such public work shall be done except as provided in this Part.

(b) Notwithstanding any provision of a home rule charter established subsequent to 1974 to the contrary, no municipality shall be required to advertise and let by contract to the lowest responsible and responsive bidder, who bid according to the bidding documents as advertised, any public work which is less than the contract limit established by this Section unless such municipality by affirmative act of its governing authority adopts a more restrictive contract limit than established in this Section. This Subparagraph shall apply only to municipalities with a population of not less than forty-five thousand persons and not more than forty-eight thousand eight hundred persons as of the most recent federal decennial census.

(c) The provisions of this Section shall not apply to the Department of Transportation and Development contracts.

(2) The term "bidding documents" is defined in R.S. 38:2211(A).

B.(1) The provisions and requirements of this Section and those stated in the bidding documents shall not be waived by any entity.

(2) Any public entity advertising for public work shall use only the Louisiana Uniform Bid Form as promulgated in accordance with the Administrative Procedure Act by the division of administration, office of facility planning and control. The bidding documents shall require only the following information and documentation to be submitted by a bidder at the time designated in the advertisement for bid opening: Bid Security or Bid Bond; Acknowledgment of Addenda; Base Bid; Alternates; Signature of Bidder; Name, Title, and Address of Bidder; Name of Firm or Joint Venture; Corporate Resolution or written evidence of the authority of the person signing the bid; and Louisiana Contractors License Number, and on public works projects where unit prices are utilized, a section on the bid form where the unit price utilized in the bid shall be set forth including a description for each unit; however, unit prices shall not be utilized for the construction of building projects, unless the unit prices and their extensions are incorporated into the base bid or alternates. If a public entity adds any additional requirements for information, unless mandated by state or federal requirements, the requirements shall be void and not considered in the award of the contract. Any timely change by a bidder to the bid prior to submission of the bid shall be scratched through and initialed by the bidder or the person who submits the bid. The change as initialed shall be binding.

(3)(a) The bidding documents shall not require any bidder, other than the apparent low bidder, to furnish any other information or documentation, including the Attestation Affidavit and the E-Verification Form, any sooner than ten days after the date bids are

opened; however, the apparent low bidder may submit such information or documentation at any time prior to the expiration of the ten-day period. If the apparent low bidder does not submit the proper information or documentation as required by the bidding documents within the ten-day period, such bidder shall be declared non-responsive, and the public entity may award the bid to the next lowest bidder, and afford the next lowest bidder not less than ten days from the date the apparent low bidder is declared non-responsive, to submit the proper information and documentation as required by the bidding documents, and may continue such process until the public entity either determines the low bidder or rejects all bids. The ten-day period shall not be altered or waived by any public entity except the governing authority of any publicly owned commercial aviation airport, the Sewerage and Water Board of New Orleans, the Regional Transit Authority, and all agencies of the City of New Orleans, including but not limited to the New Orleans Aviation Board, who shall require that the other documentation and information referred to in this Subparagraph be furnished by the two apparent low bidders no sooner than three days after the bid opening. The two apparent low bidders may submit such information or documentation at any time prior to the expiration of the three day period. If the two apparent low bidders do not submit the proper information or documentation as required by the bidding documents within the three day period, such bidders shall be declared non-responsive, and from that date, award may be made to the next lowest bidder, and afford that bidder not less than three days to submit the required information or documentation, and the process may continue until either a low bidder is determined or all bids are rejected.

(b) Notwithstanding the provisions of this Paragraph, all bidders bidding on public works for East Baton Rouge Parish or Jefferson Parish shall submit all bid forms required by statute or by the Louisiana Administrative Code to the governing authority of East Baton Rouge Parish

or Jefferson Parish prior to the opening of all bids relative to a contract for public works.

(4) Notwithstanding any other provision of law to the contrary and in addition to any other requirements provided by this Subsection, the Acknowledgment of Addenda to the bid form provided for in this Section for the public bid of public works conducted by the New Orleans Sewerage and Water Board shall also include attachment of the addenda if pricing information is contained therein and the addenda requires attachment.

(5) Written evidence of the authority of the person signing the bid for public works shall be submitted at the time of bidding. The authority of the signature of the person submitting the bid shall be deemed sufficient and acceptable if any of the following conditions are met:

(a) The signature on the bid is that of any corporate officer listed on the most current annual report on file with the secretary of state, or the signature on the bid is that of any member of a partnership, limited liability company, limited liability partnership, or other legal entity listed in the most current business records on file with the secretary of state.

(b) The signature on the bid is that of an authorized representative as documented by the legal entity certifying the authority of the person.

(c) The legal entity has filed in the appropriate records of the secretary of state of this state, an affidavit, resolution, or other acknowledged or authentic document indicating the names of all parties authorized to submit bids for public contracts. Such document on file with the secretary of state shall remain in effect and shall be binding upon the principal until specifically rescinded and canceled from the records of the office.

(6)(a) Each bid shall be either hand delivered by the bidder or his agent in which instance the deliverer shall be handed a written receipt, or such bid shall be sent by registered or certified mail with a return receipt requested, or shall be submitted electronically as provided in Subsection E of this Section. No public entity

shall accept or take any bids, including receiving any hand delivered bids, on days which are recognized as holidays by the United States Postal Service.

(b) Only for the purpose of interpretation of the base bid total and alternate bids, when applicable, written words shall govern if a conflict exists between words and numerals.

(c) If the public works requires unit price bids and there is a discrepancy between the base bid total and the sum of the extended unit prices, the unit price bid shall govern.

(7) The provisions of this Subsection shall not apply to the Department of Transportation and Development.

C.(1) Except as provided in Paragraphs (2), (3), and (4) of this Subsection, the term "contract limit" as used in this Section shall be equal to the sum of two hundred fifty thousand dollars per project, including labor, materials, and equipment as per the rates in the latest edition of the Associated Equipment Dealers Rental Rate Book and administrative overhead not to exceed fifteen percent, provided that beginning February 1, 2025, and annually on February first of each subsequent year, the office of facility planning and control within the division of administration shall adjust the "contract limit" by an amount not to exceed the annual percentage increase in the Consumer Price Index in the preceding year. The office of facility planning and control within the division of administration shall publish the new contract limit for public works contracts in the Louisiana Register in January of each year.

(2) When the Department of Public Safety and Corrections intends to use inmates as labor in connection with projects which occur on the grounds or to the buildings, structures, or facilities located on the grounds of prisons or correctional institutions, the term contract limit shall be seventy-five thousand dollars per project.

(b) The provisions of this Paragraph shall remain effective until December 31, 2028.

NOTE: Paragraph (C)(4) terminated Dec. 31, 2020.

(4) For public work related to drainage projects to be done by the regular maintenance employees of the St. Charles Parish governing authority, the term "contract limit" shall be equal to the sum of two hundred fifty thousand dollars per project, including labor, materials, and equipment as per the rates in the latest edition of the Associated Equipment Dealers Rental Rate Book and administrative overhead not to exceed fifteen percent, provided that beginning February 1, 2021, and annually on February first of each subsequent year, the office of facility planning and control within the division of administration shall adjust the "contract limit" by an amount not to exceed the annual percentage increase in the Consumer Price Index in the preceding year. The office of facility planning and control within the division of administration shall publish the new contract limit for public works contracts let by the St. Charles Parish governing authority in the Louisiana Register in January of each year beginning in January 2021. The provisions of this Paragraph shall terminate on December 31, 2020.

D. Each public entity advertising and letting for bid a public works contract under the

provisions of this Section shall furnish all prime bidders who request bidding documents and who are properly licensed by the Louisiana State Licensing Board for Contractors with at least one set of complete bidding documents. The public entity may require a deposit on the bidding documents; however, the total cost of the deposit, including handling fees and other costs shall not exceed twice the actual cost of reproduction. Deposits on the first set of documents furnished prime bidders shall be fully refunded upon return of the documents no later than ten days after receipt of bids. On other sets of documents furnished to bidders, the deposit less the actual cost of reproduction shall be refunded upon return of the documents no later than ten days after receipt of bids. Where the public entity, itself, prepares and distributes the bidding documents, the public entity may, in lieu of a deposit, charge a fee for the documents, which fee shall not exceed the actual cost of reproduction. Prime bidders shall obtain an original set of electronic or paper bidding documents either from the public entity or the design professional who prepared such documents. Either the public entity or the design professional may choose the method and service of plan distribution. When the public entity utilizes an electronic bid submittal system, bidding documents shall be distributed in the manner chosen by the public entity. At its sole discretion, the public entity may authorize its design professional of record to choose an electronic bid submittal system. The public entity or its design professional of record shall maintain a list of all prime bidders for the purpose of addenda distribution.

E.(1) Public entities shall provide, as an additional bidding option, a uniform and secure electronic interactive system for the submittal of bids for public works requiring competitive bidding. Any public entity providing such system shall follow the standards for the receipt of electronic bids adopted by the office of the governor, division of administration, and the office of technology services as provided for in

LAC 4:XV.701. Any special condition or requirement for the submission shall be specified in the advertisement for bids required by this Section.

(2) Public entities that are currently without available high-speed internet access shall be exempt from this requirement until such time that high-speed internet access becomes available.

(3) Any parish with a police jury form of government and a population of less than twenty thousand shall be exempt from the provisions of this Subsection.

(4) Any city or municipality with a population of less than ten thousand shall be exempt from the provisions of this Subsection.

(5) Any other public entity which is unable to comply with the electronic bidding provisions of this Subsection without securing and expending additional funding shall be exempt from its requirements.

(6) Public entities shall have the option to require that all bids be submitted electronically for any competitive bid let out for public bid.

(7) Public entities shall include all "bidding documents" as defined in R.S. 38:2211(A), on the electronic website accepting the electronic bids.

(8) For the purpose of bids submitted electronically, the last timely bid submission by each and any bidder shall be binding.

F. The bid specification may contemplate a fixed escalation or de-escalation in accordance with the United States Bureau of Labor Statistic's Consumer Price Index or the Producer Price Index. Bids based on specifications which are subject to a recognized escalation index shall be legal and valid for any item of a public work, at the discretion of the public entity.

G.(1) The advertisement required by this Section for any contract for public works shall be published once a week for three different weeks in a newspaper in the locality, and the first advertisement shall appear at least twenty-five days before the opening of bids. In addition to the newspaper advertisement, a public entity may

also publish an advertisement by electronic media available to the general public.

(2) The first publication of the advertisement shall not occur on a Saturday, Sunday, or legal holiday. All bidding documents shall be available to bidders on the day of the first advertisement and shall be available until twenty-four hours before the bid opening date.

H. Every public entity intending to advertise a public work for bids shall estimate the probable construction costs of such public work or obtain such estimate from the project designer prior to advertising such public work for bids. No public entity shall advertise a public work for bids unless funds that meet or exceed the estimate of the probable construction costs have been budgeted by the public entity for the project. The estimate of probable construction costs for the project shall be made available at the time of bid opening, either by posting such estimate electronically or announcing aloud such estimate at the bid opening. Any and all bidders' information shall be available upon request, either no sooner than nine working days following the bid opening or after the recommendation of award by the public entity or the design professional, whichever occurs first, and the requester shall pay reasonable reproduction costs. The provisions of this Subsection shall not apply to the Department of Transportation and Development.

I. When a design professional or public entity mandates attendance by prospective bidders at pre-bid conferences as a prerequisite to bid on a public works project, the date, place, and time of the pre-bid conference shall be stated in each advertisement notice. All prospective bidders shall be present at the beginning of the pre-bid conference and shall remain in attendance for the duration of the conference. Any prospective bidder who fails to attend the conference or remain for the duration shall be prohibited from submitting a bid for the project.

J. Bidding documents shall include no more than three alternates. An alternate bid by any name is still an alternate. Alternates, if

accepted, shall be accepted in the order in which they are listed on the bid form. Determination of the low bidder shall be on the basis of the sum of the base bid and any alternates accepted. However, the public entity shall reserve the right to accept alternates in any order which does not affect determination of the low bidder.

K. Use of allowances in bidding documents shall be restricted to minor items and shall be limited to hardware, face brick, landscaping, electric light fixtures, miscellaneous steel, tile, wallpaper and other exterior finishes, fixtures and furnishings, and carpeting. Allowances may not be utilized by the design professional or public entity to control the selection of a subcontractor or supplier.

L.(1) No construction manager or any other third-party consultant employed by a public entity may manage a construction project as a general contractor or act in the role of the general contractor to oversee, direct, or coordinate individual trade contractors on behalf of the public entity, or accept bids or itself bid on the public work or components of the public work with respect to which the manager or consultant is employed or contracted to manage or consult.

(2) The provisions of Paragraph (1) of this Subsection shall not apply to the initial construction of a hospital, medical facility, or a combination of both, constructed by the Orleans Hospital Service District, but shall apply to the construction of any additions or modifications of a hospital, medical facility, or a combination of both, constructed by the Orleans Hospital Service District following the completion of the initial construction. The provisions of this Paragraph shall not relieve the Orleans Hospital Service District from complying with all other applicable provisions of this Title.

M.(1) All public work contracts shall contain provisions authorizing the issuance of change orders within the scope of the contract.

(2) All change orders shall be in writing or in electronic format if the public entity has the capability to receive change orders electronically. All change orders shall be signed

by the contractor and the public entity or its design representative.

(3) The public entity shall pay the contractor for work performed by change order not later than sixty days after the date the public entity approves the application for payment for completion of the work performed in the change order.

(4) Any change order outside the scope of the contract in excess of the contract limit as defined herein shall be let out for public bid as provided by this Part.

(5)(a) Any change order pertaining to public work, not required by this Part to be let out for public bid, shall either be negotiated in the best interest of the public entity or let out for public bid as provided by this Part. Where the change order is negotiated, the public entity shall require that the change order be fully documented and itemized as to costs, including material quantities, material costs, equipment used, labor, taxes, insurance, employee benefits, other related costs, profit, and overhead.

(b) Where certain unit prices are contained in the initial contract, no deviations shall be allowed in computing the negotiated change order costs unless specified in contract documents. When a unit price change order is required, it shall be submitted to the designer of record or, in the absence of the designer, the public entity, within thirty days from the date of discovery of the work to be performed by the change order.

(c) Any change order requiring new pricing by the contractor shall be submitted to the designer of record or, in the absence of the designer, the public entity, within thirty days from the date of discovery of the work to be performed by the change order.

(d) For any change order requiring redesign, the redesign shall not take more than ninety days from the date of notification by the contractor to the designer of record or, in the absence of the designer, the public entity, of the discovery of work to be performed by the change order. Extensions of time may be granted by the

public entity if necessary for redesign. Once the redesign is complete, the contractor shall submit the cost estimate to the designer of record or, in the absence of the designer, the public entity, for the change order within thirty days for the redesigned work under the change order.

(e) For any change order, the public entity shall have forty-five days from the submittal of the change order to the public entity to negotiate and approve or reject the contractor's proposed cost estimate of the work to be performed by the change order. Extensions of time may be granted by mutual agreement or shall be granted as necessary for the public entity to obtain governmental approval. The contractor shall not be required to provide to the public entity any schedule updates incorporating the change order until that change order is executed unless the schedule is needed for evaluation of the proposed change order.

(f) Except where a public work does not exceed the contract limit as defined in this Section, the provisions of this Subsection in regard to change orders shall not be waived by contract.

N. Those contracts let by any public entity for public works estimated to cost in excess of the contract limit shall be advertised and let by contract to the lowest responsible and responsive bidder. Public works which are estimated to cost less than the contract limit may be undertaken by the public entity with its own employees.

O.(1) Except as provided by Paragraph (2) of this Subsection, the public entity may, through the issuance of an addendum, extend the bid period for up to thirty days, without the requirement of readvertising as provided by Subsection A of this Section.

(2)(a) If a public entity issues or causes to be issued on a public work exceeding the contract limit any addendum modifying the bidding documents within a period of seven days prior to the advertised time, or the time extended as provided for in this Section, for the opening of bids, excluding Saturdays, Sundays, and any other legal holidays, then the public entity shall

transmit a copy of the addendum to all prime bidders who have requested bidding documents pursuant to Subsection D of this Section. This shall be completed within twenty-four hours of the issuance of the addendum and may be delivered by either facsimile transmission, e-mail, other electronic means, by hand, or by overnight delivery using a nationally recognized carrier provided the prime bidder has supplied the facsimile transmission number or e-mail address to the public entity. If the addendum cannot be transmitted by facsimile transmission, e-mail, other electronic means, overnight delivery using a nationally recognized carrier, or otherwise effected by hand delivery, the public entity shall postpone the bid opening by at least seven days.

(b) No public entity shall issue or cause to be issued any addenda modifying the bidding documents within a period of seventy-two hours prior to the advertised time for the opening of bids, excluding Saturdays, Sundays, and any other legal holidays; however, if the necessity arises to issue an addendum modifying the bidding documents within the seventy-two-hour period prior to the advertised time for the opening of bids, then the opening of bids shall be extended for at least seven but not more than twenty-one working days, without the requirement of readvertising as provided by Subsection A of this Section. The addendum shall state the revised time and date for the opening of bids.

P.(1)(a) This Section shall not apply in cases of public emergency where such emergency has been certified to by the public entity and notice of such public emergency shall, within ten days thereof, be published in the official journal of the public entity proposing or declaring such public emergency.

(b)(i) This Section shall not apply in the event that an extreme public emergency occurs.

(ii) The president of the police jury, the president of the parish council, the mayor of the municipality, or a person designated to act on behalf of the governing authority of any other

political subdivision, shall declare that an extreme emergency exists and shall cause such declaration to be published in the official journal within ten days or as soon as practicable thereafter.

(c) This Section shall not apply with respect to repairs administered by the office of facility planning and control for addressing damage caused by Hurricanes Katrina and Rita. However, the office of facility planning and control shall not be allowed to negotiate such projects, but shall be required to publicly advertise such projects in the official journal of the locality of the project and in the state's official journal. Public bids may be taken in a minimum of ten days after advertisement of such projects. However, if there are no bidders for such projects, the office of facility planning and control may enter into competitive bidding negotiations with no fewer than two contractors.

(2)(a) Every contract negotiated by a public entity under the authority of this Subsection shall be supported by a written determination and findings by the public entity justifying use of the authority.

(b) When contract action under this authority is taken pursuant to telephone or other oral offers, a written confirmation of the accepted offer shall be obtained and made a part of the contract case file. In addition, whenever contract action is taken as authorized by this Subsection, a record shall be established by the public entity which shall contain, at a minimum, the following information with respect to each offer: a description of the work to be performed, the name and address of each offeror quoting, and the performance time and terms of each offer. If quotations lower than the accepted quotation are received, the reasons for their rejection shall be recorded and made a part of the contract case file. Such records shall be retained for a minimum of six years following the purchase or completion of the public work.

Q. A publicly owned utility, as recognized by the Louisiana Public Service Commission, may undertake a public works

project, other than construction of a building, for the contract limit or less by either of the following methods:

(1) Entry into contracts with or without public bid.

(2) Use of the employees of the public entity owning the utility.

R. Public entities are herein prohibited from owning or operating manufacturing facilities or plants that produce or manufacture construction materials.

S. The provisions of this Section shall not prevent public entities from using their regular maintenance employees for labor necessary in the maintenance, construction, or extension of publicly owned and operated electric public utilities. With respect to the construction or extension of all other public utilities, the provisions of this Section shall not prevent public entities from using their regular maintenance employees when the cost of the work per project does not exceed one hundred fifty thousand dollars, including labor and materials. All purchases of materials or supplies exceeding the contract limit provided for in this Section shall be let by public bid as provided in this Part.

T.(1) Whenever a public entity desires to purchase technical equipment, apparatus, machinery, materials, or supplies of a certain type and such purchases are clearly in the public interest, the public entity may specify a particular brand, make, or manufacturer in the bidding documents let out for public bid as provided by this Part. If a particular brand, make, or manufacturer is specified, the model or catalog number also shall be specified.

(2) Wherever a public entity specifies the name of a certain brand, make, manufacturer, or uses a definite specification, the bidding documents shall state clearly that they are used only to denote the quality standard of product desired and that they do not restrict bidders to the specific brand, make, manufacturer, or specification named; that they are used only to set forth and convey to prospective bidders the general style, type, character, and quality of

product desired; and that equivalent products may be acceptable. It shall be the responsibility of the professionally employed architect or engineer to determine what is considered an equivalent product on any and all projects in which he has been legally employed to perform his professional services.

U. Public entities may enter into maintenance contracts for the repair and maintenance of public facilities owned, controlled, or operated by a public entity for a fixed annual fee. Such contracts shall extend for a duration of not less than two years. Any such contract entered into by a public entity shall include a nonappropriation clause and shall not be considered a debt of the public entity. Such maintenance contract shall not be considered a public works contract.

V. Under no circumstances shall there be a division or separation of any public work project into smaller projects which division or separation would have the effect of avoiding the requirement that public work be advertised and let by contract to the lowest responsible and responsive bidder as provided in this Section.

W.(1) This Section shall not apply to labor necessary for the maintenance of public works built and completed.

(2) Volunteer citizen labor used for the construction of a project which is funded by the Louisiana Community Development Block Grant Louisiana Small Town Environment Program shall not be subject to the requirements of this Section. However, the value of the donated volunteer service shall not be used as a component of any bid if the public work has to be bid or to determine which is the lowest responsible and responsive bid.

X.(1) If the public entity letting the contract proposes to disqualify any bidder, either as a potential bidder or as the low bidder, on grounds that such bidder is not a "responsible bidder" such public entity shall do all of the following:

(a) Give written notice of the proposed action to such bidder and include in the written notice all reasons for the proposed action.

(b) Give the bidder who is proposed to be disqualified the opportunity to be heard at an informal hearing at which such bidder is afforded the opportunity to refute the reasons for the proposed action.

(2) The informal hearing shall be conducted prior to award of the public work.

(3) The informal hearing shall be a condition precedent to any action by the bidder adverse to the public entity, its representatives, employees, and designers.

(4) The informal hearing shall be conducted by the public entity not later than five business days after the date of the notice of disqualification of such bidder. The public entity shall issue a ruling in writing and deliver it to the affected bidder not later than five business days after the date of the informal hearing.

(5) No award of the contract for the public work shall be made by the public entity prior to the expiration of at least five working days following the date of issuance of the decision by the hearing official.

(6) The provisions of this Subsection shall not apply to such actions of the Department of Transportation and Development.

Y. No public entity shall enter into a contract for the purpose of public works with a contractor who then finances the project. Under no circumstances shall the agreement of a contractor to finance a public works project be used in any way to avoid the requirement that public work be advertised and let by contract to the lowest responsible and responsive bidder as provided in this Section.

Z. The provisions of this Section shall not apply to purchases of materials and supplies by contractors awarded public works contracts by a public entity; or to subcontractors of such contractors, who have been appointed or designated agents for the purchase of materials and supplies to be incorporated into a public work pursuant to a contract properly bid in

accordance with this Chapter when acting pursuant to said appointment or designation.

§ 2212.1. Advertisement and letting to lowest responsible bidder; materials and supplies; exemptions

A.(1)(a) All purchases of any materials or supplies exceeding the sum of sixty thousand dollars to be paid out of public funds shall be

advertised and let by contract to the lowest responsible bidder who has bid according to the specifications as advertised, and no such purchase shall be made except as provided in this Part.

(b) However, purchases of thirty thousand dollars or more, but less than sixty thousand dollars, shall be made by obtaining not less than three quotes by telephone, facsimile, email, or any other printable electronic form. If telephone quotes are received, a written confirmation of the accepted offers shall be obtained and made a part of the purchase file. If quotations lower than the accepted quotation are received, the reasons for their rejection shall be recorded in the purchase file.

(2)(a) Any purchase by a local governmental unit of a used or new motor vehicle for conversion into a law enforcement vehicle, which purchase cost does not exceed the sum of forty thousand dollars, shall not be subject to the threshold delineated in Paragraph (1) of this Subsection. Written specifications, quotations, and confirmation of accepted offers for such purchase shall be obtained and made a part of the purchase file. However, any such purchase which sum is in excess of forty thousand dollars shall be advertised and let for bid under the procedures outlined by the provisions of this Section.

(b) Any purchase by a local government unit of road maintenance or improvement equipment, which purchase cost does not exceed the sum of twenty-five thousand dollars, shall not be subject to the threshold delineated in Paragraph (1) of this Subsection. Written specification, quotations, and confirmation of accepted offers for such purchase shall be obtained and made a part of the purchase file. However, any such purchase which sum is in excess of twenty-five thousand dollars shall be advertised and let for bid under the procedures outlined by the provisions of this Section.

B.(1) The advertisement required by this Section for any contract for materials or supplies shall be published two times in a newspaper in the locality, the first advertisement to appear at

least fifteen days before the opening of the bids. In addition to the newspaper advertisement, a public entity may also publish an advertisement by electronic media available to the general public.

(2) The first publication of the advertisement shall not occur on a Saturday, Sunday, or legal holiday. Plans and specifications shall be available to bidders on the day of the first advertisement and shall be available until twenty-four hours before the bid opening date.

(3) Any proposal shall include no more than three alternates. An alternate bid by any name is still an alternate. Alternates, if accepted, shall be accepted in the order in which they are listed on the bid form. Determination of the low bidder shall be on the basis of the sum of the base bid and any alternates accepted. However, the public entity may accept alternates in any order which does not affect determination of the low bidder.

(4)(a) Contractors shall be provided the option to submit bids for public contracts through a uniform and secure electronic interactive system. Political subdivisions shall follow the standards for the receipt of electronic bids adopted by the office of the governor, division of administration, and the office of technology services as provided for in LAC 4:XV.701, and shall make the appropriate provisions necessary for the acceptance of electronic bids for all purchases requiring competitive bidding as required by this Section. Any special condition or requirement for the submission shall be specified in the advertisement for bids required by this Section.

(b) Public entities that are currently without available high-speed internet access will be exempt from this requirement until such time that high speed Internet access becomes available.

(c) Any parish with a police jury form of government and a population of less than twenty thousand shall be exempt from the provisions of this Subparagraph.

(d) Any city or municipality with a population of less than ten thousand shall be exempt from the provisions of this Subparagraph.

(e) Any special service district created by a police jury form of government and which is unable to comply with Subparagraph (a) of this Paragraph without securing and expending additional funding shall be exempt from its requirements. The special service district shall be exempted from any expenditures for high-speed internet access, software, personnel costs, training, or other office equipment directly relating to the receipt of bids via high-speed internet access.

(f) Public entities shall have the option to require that all bids be submitted electronically for any competitive bid let out for public bid.

C.(1) Whenever a public entity desires to purchase technical equipment, apparatus, machinery, materials, or supplies of a certain type and such purchases are clearly in the public interest, the public entity may specify a particular brand, make, or manufacturer in the specifications let out for public bid as provided by this Part. If a particular brand, make, or manufacturer is specified, the model or catalog number also shall be specified.

(2) Wherever in specifications the name of a certain brand, make, manufacturer, or definite specification is utilized, the specifications shall state clearly that they are used only to denote the quality standard of product desired and that they do not restrict bidders to the specific brand, make, manufacturer, or specification named; that they are used only to set forth and convey to prospective bidders the general style, type, character, and quality of product desired; and that equivalent products will be acceptable.

D. The provisions of this Section shall not apply to a public entity purchasing surplus materials and supplies from another public entity or the government of the United States or when the particular transaction is governed by the procurement code.

E. Any public entity may procure materials, supplies, and equipment from federal General Services Administration supply schedules in compliance with the Federal Acquisitions Streamlining Act (Public Law 103-355) and regulations adopted pursuant to that law, and with rules and regulations which may be adopted by the central purchasing agency of the division of administration. Such purchases need not comply with the competitive bidding requirements of this Chapter. However, such materials, supplies, or equipment shall not be purchased at a price higher than the price of the same item listed on any available state purchasing contract. No use shall be made of federal General Services Administration supply schedules under the provisions of this Section without the participation of a Louisiana licensed dealer or distributor.

F. Any public entity may purchase materials, supplies, and equipment pursuant to the cooperative purchasing provisions of Part VII of Chapter 17 of Subtitle III of Title 39 of the Louisiana Revised Statutes of 1950, R.S. 39:1701 et seq.

G.(1) Notwithstanding any provision of this Part, any hospital owned or operated by a hospital service district, a municipality, the state, or any other public entity may enter into an agreement with one or more qualified group purchasing organizations for the purpose of obtaining bids for the purchase of materials and supplies. Any such agreement shall provide that the qualified group purchasing organization shall submit a price list for those materials and supplies offered by it, and shall further provide that the prices quoted on the list shall remain in effect for a stated period of time not less than three months. Any such price list shall thereafter be considered for all purposes to be a valid and binding bid by the qualified group purchasing organization during the effective period of the agreement, and no additional bid by the qualified group purchasing organization shall be necessary.

(2) Any price lists submitted by a qualified group purchasing organization shall not be a public record and shall not be available for public inspection. The agreement setting forth the existence of the price list and the effective date thereof shall, however, be a public record, and that portion of the price list setting forth the price of the materials or supplies being purchased shall become a public record at the time of opening of bids for those materials or supplies.

(3) As used in this Section, "qualified group purchasing organization" shall mean an organization, whether for profit or not for profit, which has contracts for the sale of materials or supplies with at least fifteen hospitals within the United States.

(4) A hospital owned by the state may purchase equipment from a qualified group purchasing organization if the price is less than that for the same or comparable equipment on the state bid list. For that equipment not contained on the state bid list, the Louisiana Department of Health shall, pursuant to the Administrative Procedure Act, promulgate rules containing a mechanism for determining that the purchase of the equipment through a qualified group without bidding is cost effective and is in the best interest of the state. Until said rules become effective, no equipment not contained on the state bid list shall be purchased from qualified group purchasing organizations without complying with all other applicable laws.

H. The commissioners, governing board, or governing authority of any hospital owned or operated by a hospital service district, a public trust, any municipality, or any other public entity may authorize by resolution, and the secretary of the Louisiana Department of Health for any hospital owned or operated by the state, may authorize the participation in, or the purchasing from, a qualified group purchasing organization for the purchase of supplies and materials, without complying with this Section or any other applicable provision of law when it appears to any such authority or said secretary that participation would affect the economic situation

or efficiency of operations of the hospital in a positive manner. A positive effect on the economic situation or efficiency of operations shall be presumed when the total price of items to be purchased from the qualified group purchasing organization is less than the total price of those items if purchased from the state bid list.

I.(1) Whenever a political subdivision enters into an estimated use or delivery contract for a perishable food item, the political subdivision shall be prohibited from awarding another estimated use contract for the same perishable food item without first having taken delivery of at least seventy-five percent of the perishable food item under the existing contract.

(2) "Perishable food items" as used in this Subsection shall mean consumable food items which have a shelf life of less than six months.

(3) Sheriffs and other political subdivisions which operate jails in the various parishes of the state shall be required to purchase food wholesale at the lowest prices quoted for quality products or at prices no greater than the wholesale rate for the same item.

J. The opening of bids shall be governed by the provisions of R.S. 38:2214.

K. The purchase of materials or supplies in the case of an extreme public emergency shall be governed by the provisions of R.S. 38:2212(P).

L. The public entity purchasing the materials or supplies may require a written contract or bond as provided in R.S. 38:2216(B).

M. Purchases made by a public safety agency following the guidelines and restrictions established pursuant to the expenditure of federal grant dollars shall be made by obtaining not less than three telephone or facsimile quotations.

N.(1) Notwithstanding any provision of this Part to the contrary, any public school district or public school may enter into an agreement with one or more qualified group purchasing organizations for the purchase of materials, equipment, and supplies, including any installation thereof. Any such agreement shall

require that the qualified group purchasing organization submit a price list for materials, equipment, and supplies offered by it and that the prices quoted on the list remain in effect for a stated period of time of not less than three months. Any such price list shall be considered, for all purposes, to be a valid and binding bid by the qualified group purchasing organization during the effective period of the agreement, and no additional bid by the qualified group purchasing organization is necessary.

(2) Price lists submitted by a qualified group purchasing organization are not public record and shall not be available for public inspection. The agreement setting forth the existence of the price list and the effective date thereof is, however, a public record, and that portion of the price list setting forth the price of the materials, equipment, or supplies being purchased shall become a public record at the time of opening of bids or upon the execution of a contract for the purchase of materials, equipment, or supplies.

(3) As used in this Subsection, "qualified group purchasing organization" means an organization, whether for profit or not for profit, of which two or more public school districts are members and which solicits proposals or bids from vendors of materials, equipment, or supplies of the type and nature as may be purchased by a public school district or public school.

(4) A school board may purchase materials, equipment, or supplies directly from or through a qualified group purchasing organization if either the price is less than that for the same or substantially similar materials, equipment, or supplies on the state contract or bid list, or if the same or substantially similar materials, equipment, or supplies are not under state contract or on the state bid list. Nothing in this Paragraph shall be construed to authorize a school board to purchase materials, equipment, or supplies from or through an entity or vendor other than a qualified group purchasing organization as defined in this Subsection

without using a procurement process otherwise provided by state law.

O. The provisions of this Section shall not apply to the purchase of animals trained to perform special tasks, including but not limited to narcotics detection, bomb detection, arson investigation, and rescue techniques by the following public entities:

(1) Any local law enforcement agency for the principal purpose of aiding in the detection of criminal activity, enforcement of laws, or apprehension of offenders.

(2) Any local public safety agency for the purpose of search and rescue services.

§ 2212.4. Purchase of materials, supplies, vehicles, or equipment from public trusts

A. The intent of this Section is to provide an alternate cost effective means of acquisition of materials, supplies, vehicles, or equipment for the efficient operation of public entities by allowing public entities to pool their acquisition needs and acquire in bulk transactions through a public trust which may also provide financing for such purchases at tax exempt rates. The legislature finds that bulk purchases of materials, supplies, vehicles, and equipment when combined with tax exempt financing can result in reduced costs to public entities.

B. Notwithstanding any provision of law to the contrary, the provisions of R.S. 38:2212 shall not apply to public entities acquiring through a purchase contract or lease/purchase contract, materials, supplies, vehicles, or

equipment from a public trust organized pursuant to state law and having as its beneficiary the state. The acquisition of materials, supplies, vehicles, or equipment by the public trust shall be in accordance with the provisions of the Public Bid Law (Chapter 10 of Title 38 of the Louisiana Revised Statutes of 1950), at the direction and on behalf of a public entity, and shall be pursuant to a plan of financing offered to a public entity by the public trust. Any such plan of financing offered to a public entity by the public trust shall be subject to the approval of the State Bond Commission.

C. The acquisition of materials, supplies, vehicles, or equipment made by the public trust under the provisions of this Section shall be exempt from state and local sales and use taxes. However, if the public entity on whose behalf the acquisition is made would have been exempt from state and local sales and use taxes upon a direct acquisition, such taxes shall not apply to the purchase made by the public entity from the public trust.

D. Nothing contained in this Section shall be construed as a restriction or limitation upon any powers which any public entity might otherwise have under any laws of this state. This Section shall be regarded as supplemental and additional to powers conferred by other laws.

§ 2212.7. Limitations on consultants competing for contracts

A. Any person contracting with an agency for the purposes of developing bidding documents, requests for proposals, or any other type of solicitation related to a specific procurement shall be prohibited from bidding, proposing, or otherwise competing for award of that procurement. Such persons shall further be prohibited from participating as subcontractors related to the award of that procurement.

B. For the purposes of this Section, the following activities shall not be considered

"developing bidding documents, requests for proposals, or any other type of solicitation":

(1) Architectural and engineering programming.

(2) Master planning.

(3) Budgeting.

(4) Feasibility analysis.

(5) Constructability review.

(6) Furnishing specification data or other product information.

(7) Any other services that do not establish selection qualifications or evaluation criteria for the procurement of an architect or engineer.

§ 2212.8. Prohibition of bids from or contracts with unlicensed dealers

A. A public entity shall not accept any bid from or enter into any contract or cooperative endeavor agreement, or any other transaction for the procurement of vehicles, with a dealer who does not possess a valid dealer's license issued under the provisions of R.S. 32:1254.

B. A public entity shall require that any bid submitted by, or a contract or cooperative endeavor agreement with, a dealer for the purchase of vehicles shall include a copy of a valid dealer's license issued under the provisions of R.S. 32:1254.

C. A public entity shall reject any bid submitted by a dealer for the purchase of vehicles which does not include a copy of a valid dealer license.

D. A public entity shall not sign a contract or cooperative endeavor agreement with a dealer for the purchase of vehicles which does not include a copy of a valid dealer license.

E. If in the course of an audit or review by the legislative auditor, pursuant to the powers and duties in R.S. 24:513, a violation of this Section is found, the legislative auditor shall report such findings to the Louisiana Motor Vehicle Commission.

Acts 2010, No. 376, §1.

§ 2212.9. Right to prohibit awards or procurement with individuals convicted of certain felony crimes

A. In awarding contracts, any public entity is authorized to reject the lowest bid from, or not award the contract to, a business in which any individual with an ownership interest of five percent or more has been convicted of, or has entered a plea of guilty or nolo contendere to any state felony crime or equivalent federal felony crime committed in the solicitation or execution of a contract or bid awarded under the laws governing public contracts under the provisions of Chapter 10 of this Title, professional, personal, consulting, and social services procurement under the provisions of Chapter 17 of Title 39 of the Louisiana Revised Statutes of 1950.

B. Nothing in this Section shall impose a duty, responsibility, or requirement on a public entity to perform criminal background checks on contractors, vendors, or subcontractors. It shall be the responsibility of any person, company, or entity making an allegation of prior convictions on the part of any individual with an ownership interest of five percent or more in any bidder to present prima facie evidence to the public entity supporting their claim.

C. If evidence is submitted substantiating that any individual with an ownership interest of five percent or more in the lowest bidder has been convicted of, or has entered a plea of guilty or nolo contendere to any state felony crime or equivalent federal felony crime committed in the solicitation or execution of a contract or bid awarded under the laws listed in Subsection A of this Section and the public entity rejects the lowest bid, the company whose bid is rejected shall be responsible to the public entity for the costs of rebidding, the increased costs of awarding to the second low bidder, or forfeiture of the bid bond, whichever is higher.

§ 2212.10. Verification of employees involved in contracts for public works

A.(1) The legislature finds that when illegal immigrants are living in this state and are encouraged to reside here through the benefit of employment without verification of immigration status, the result is that the enforcement of federal immigration law is impeded and obstructed, the security of the nation's borders is undermined, and the privileges and immunities of the citizens of Louisiana are impermissibly restricted.

(2) The legislature further finds that it is a compelling public interest of this state to discourage illegal immigration by requiring employers who do business with the state of Louisiana to cooperate fully with federal immigration authorities in the enforcement of federal immigration law.

B. For the purposes of this Section, the following terms shall mean:

(1) "Legal alien" is a person who is or was lawfully present or permanently residing legally in the United States and allowed to work at the time of employment and remains so throughout the duration of that employment.

(2) "Status verification system" means the electronic verification of work authorization program of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324(a), and operated by the United States Department of Homeland Security, known as the "E-Verify" program.

C. A private employer shall not bid on or otherwise contract with a public entity for the physical performance of services within the state of Louisiana unless the private employer verifies in a sworn affidavit attesting to both of the following:

(1) The private employer is registered and participates in a status verification system to verify that all new employees in the state of Louisiana are legal citizens of the United States or are legal aliens.

(2) The private employer shall continue, during the term of the contract, to utilize a status

verification system to verify the legal status of all new employees in the state of Louisiana.

(3) The private employer shall require all subcontractors to submit to the employer a sworn affidavit verifying compliance with Paragraphs (1) and (2) of this Subsection.

D.(1) Any private employer violating the provisions of this Section may be subject to cancellation of any public contract, resulting in ineligibility for any public contract for a period of not more than three years from the date the violation is discovered.

(2) Any private employer shall be liable for any additional costs incurred by a public entity, occasioned by the cancellation of a contract or loss of any license or permit to do business in the state, as provided in this Subsection.

(3) Any private employer penalized in accordance with this Section shall have the right to appeal to the appropriate agency, department, or other public entity sanctioning the employer or to a court of competent jurisdiction.

(4) Any person, contractor, or employer who complies with the provisions of this Section shall not be civilly or criminally liable under state law for either hiring or retaining in its employ an unauthorized alien, as defined by 8 U.S.C. §1324a(h)(3), if the information obtained in accordance with the status verification system indicated that the employee's federal legal status allowed the employer to hire that employee.

(5) Any person, contractor, or employer who complies with the provisions of this Section shall not be civilly or criminally liable under state law for a refusal to either hire or retain an individual in its employ if the information obtained in accordance with the status verification system indicated that the individual's federal legal status was that of an unauthorized alien, as defined in 8 U.S.C. §1324a(h)(3).

(6) No person, contractor, or employer shall be penalized under the provisions of this Section for the actions of a subcontractor unless such person, contractor, or employer had actual

knowledge of such subcontractor's failure to comply with the provisions of this Section.

E. The provisions of this Section shall apply only to contracts entered into or bids offered on or after January 1, 2012.

F. The provisions of this Section shall apply only to contracts for public works. For purposes of this Section, "public works" means the erection, construction, alteration, improvement, or repair of any public facility or immovable property owned, used, or leased by a public entity.

G. In the event the status verification system expires and extensions are not approved by the federal government, the provisions of this Section shall no longer apply. The executive director of the Louisiana Workforce Commission shall provide written notification to the Louisiana State Law Institute if the status verification system expires and extensions are not approved by the federal government.

§ 2214. Designation of time and place for opening bids; right to reject bids

A. The public entity desiring to let a public contract shall, in the advertisement for bids, designate the time and place that the bids will be received and shall at that time and place publicly open the bids and read them aloud; however, no public entity shall accept or take any bids, including receiving any hand-delivered bids, on days which are recognized as holidays by the United States Postal Service.

B. The public entity may reject any and all bids for just cause. Just cause for the purpose of the construction of public works is defined, but is not limited to the following circumstances:

(1) The public entity's unavailability of funds sufficient for the construction of the proposed public work.

(2) The failure of any bidder to submit a bid within an established threshold of the preconstruction estimates for that public work, as part of the bid specifications.

(3) A substantial change by the public entity prior to the award in the scope or design of the proposed public work.

(4) A determination by the public entity not to build the proposed public work within twelve months of the date for the public opening and reading of bids.

(5) The disqualification by the public entity of all bidders.

C. Bids containing patently obvious, unintentional, and substantial mechanical, clerical, or mathematical errors, or errors of unintentional omission of a substantial quantity of work, labor, material, or services made directly in the compilation of the bid, may be withdrawn by the contractor if clear and convincing sworn, written evidence of such errors is furnished to the public entity within forty-eight hours of the bid opening excluding Saturdays, Sundays, and legal holidays. Such errors must be clearly shown by objective evidence drawn from inspection of the original work papers, documents, or materials used in the preparation of the bid sought to be withdrawn. If the public entity determines that the error is a patently obvious mechanical, clerical, or mathematical error, or unintentional omission of a substantial quantity of work, labor, material, or services, as opposed to a judgment error, and that the bid was submitted in good faith it shall accept the withdrawal and return the bid security to the contractor.

D.(1) A contractor who attempts to withdraw a bid under the provisions of this Section shall not be allowed to resubmit a bid on the project. If the bid withdrawn is the lowest bid, the next lowest bid may be accepted. If all bids are rejected no withdrawal of the bid which would result in the award of the contract on another bid of the same bidder, his partner, or to a corporation or business venture owned by or in which he has an interest shall be permitted. No bidder who is permitted to withdraw a bid shall supply any material or labor to, or perform any subcontract work agreement for, any person to whom a contract or subcontract is awarded in the

performance of the contract for which the withdrawn bid was submitted.

(2) Whoever violates the provisions of the foregoing sentence shall be imprisoned for not more than six months, or fined not more than two thousand dollars, or both.

§ 2215. Time period for holding bids; issuance of work orders to commence work; exceptions

A.(1) A public entity shall act not later than forty-five calendar days after the date of opening bids to award such public works contract to the lowest responsible and responsive bidder or to reject all bids. However, the public entity and the lowest responsible and responsive bidder, by mutually written consent, may agree to extend the deadline for award by one or more extensions of thirty calendar days.

(2)(a) Expeditious trial on the merits. If an interested party or bidder files for an injunction or writ of mandamus, they shall receive a trial on the requested relief in the district court within thirty calendar days of the filing of the suit. The district court shall render a final judgment not more than fifteen calendar days after the conclusion of the trial. A public entity shall award a public works contract in accordance with the judgment of a Louisiana court determining the lowest responsible and responsive bidder no later than forty-five days after such judgment, unless a timely suspensive appeal is filed.

(b) Public entity's right to suspensive appeal. Unless waived, only the public entity may take a suspensive appeal within fifteen calendar days of the rendition of the final judgment of the district court. The suspensive appeal of the public entity shall be returnable to the appropriate appellate court not more than fifteen calendar days from the rendition of the final judgment of the district court. The suspensive appeal of the public entity shall be

expedited and heard no later than thirty calendar days from the return day of the appeal. The appellate court shall render its ruling on the merits within thirty calendar days of the return day of the appeal.

(c) Under no circumstance may an awarded bidder agree to relinquish or to compromise its award status in favor of another bidder.

B. If the lowest responsible and responsive bidder has timely provided all documents required by R.S. 38:2212, and no injunction or temporary restraining order is in effect, the lowest responsible and responsive bidder and the public entity shall execute the contract not later than sixty calendar days after the date of the public entity's award of the contract to the lowest responsible and responsive bidder.

C. The public entity shall issue to the contractor a notice to proceed with the project or work order not later than thirty calendar days following the date of execution of the contract by both parties, whichever execution date is later. However, the public entity and the contractor, upon mutual written consent of both parties, may agree to extend the deadline to issue the notice to proceed.

D. The provisions of this Section shall not be applicable when the contract is to be financed by bonds which are required to be sold after opening of bids on the contract, or when the contract is to be financed in whole or in part by federal or other funds which will not be readily available at the time bids are opened, or on contracts which require a poll of the Legislature of Louisiana before funds are available to fund the contract. If any time limit stipulated in this Section is not applicable because of one of the exceptions outlined in this Subsection, this fact shall be mentioned in the bidding documents for the project and in the official advertisement for bids required in accordance with R.S. 38:2212.

E. These provisions shall not be subject to waiver.

(2) Repealed by Acts 2001, No. 138, §1, eff. July 1, 2001.

B. When any bid is accepted for the purchase of materials or supplies, the public entity purchasing the materials or supplies may require that a written contract be entered into between the successful bidder and the public entity and further, the public entity may require that the successful bidder shall furnish good and solvent bond in an amount not less than one-half of the amount of the contract, for the faithful performance of his duties. Any such requirements shall be incorporated in the specifications and advertisement.

C.(1) On public contracts of two hundred thousand dollars or less, small businesses, as defined by the Department of Economic Development, shall only be required to furnish one-half the amount of bond, as called for in the bid, as provided in Subsections A and B, and by meeting the qualifications specified in Subsection D hereof.

(2)(a) For purposes of this Subsection, "responsible bidder" shall mean a contractor or subcontractor who has an established business and who has demonstrated the capability to provide goods and services in accordance with the terms of the contract, plan, and specifications without excessive delays, extensions, cost overruns, or changes for which the contractor or subcontractor was held to be responsible, and

who does not have a documented record of past projects resulting in arbitration or litigation in which such contractor or subcontractor was found to be at fault.

(b) A responsible bidder shall have a negotiable net worth, or shall be underwritten by an entity with a negotiable net worth, which is equal to or exceeds in value the total cost amount of the public contract as provided in the bid submitted by such bidder. All property comprising the negotiable net worth shall be pledged and otherwise unencumbered throughout the duration of the contract period.

E. In the event the responsible bidder, though meeting the requirements of Subsection D of this Section, is unable to secure the performance bond required under Paragraph (C)(1) of this Section, the responsible bidder shall pay a fee equal to the cost of a Small Business Administration guaranteed bond, as provided for under the provisions of Paragraph (C)(1) of this Section. All such fees shall be paid into the state treasury by the commissioner of

administration and shall be credited to the Bond Security and Redemption Fund.

F. The provisions of Subsections C, D, and E of this Section shall be administered by the Department of Economic Development which shall promulgate all rules and regulations necessary for their effectuation.

G. It is hereby declared that any provision contained in a public contract, other than a contract of insurance, providing for a hold harmless or indemnity agreement, or both,

(2) From the contractor to any architect, landscape architect, engineer, or land surveyor engaged by the public body for such damages caused by the negligence of such architect, landscape architect, engineer, or land surveyor is contrary to the public policy of the state, and any and all such provisions in any and all contracts are null and void.

H. Any provision contained in a public contract which purports to waive, release, or extinguish the rights of a contractor to recover cost of damages, or obtain equitable adjustment, for delays in performing such contract, if such delay is caused in whole, or in part, by acts or omissions within the control of the contracting public entity or persons acting on behalf thereof, is against public policy and is void or unenforceable. When a contract contains a provision which is void and unenforceable under this Subsection, that provision shall be severed from the other provisions of the contract and the fact that the provision is void and unenforceable shall not affect the other provisions of the contract.

L.(1) There shall be no provision contained in a contract for public works which requires a contractor to reimburse a design professional for additional costs incurred by any design professional for inspections of the contracted project which occur outside of normal working hours.

(2) Notwithstanding the provisions of Paragraph (1) of this Subsection, in Jefferson Parish and in the city of New Orleans, the parish or municipality may require a contractor to pay for the additional costs incurred by a parish or municipality with respect to inspections of the contracted project provided the additional costs for inspections are above the budgeted amount for the contracted project, and further provided that the specifications or bidding documents include the average hourly rate to be charged for inspection and specify a reasonable budget for such inspections.

M. Any term, provision, or condition of any contract for public works which is contrary to or in violation of the provisions of the Public Bid Law, Chapter 10 of this Title, is against public policy and shall be invalid and unenforceable. When a contract contains a provision which is invalid and unenforceable under this Subsection, that provision shall be severed from the other provisions of the contract and the fact that the provision is void and unenforceable shall not affect the other provisions of the contract.

§ 2225.2. Design-build contracts

Neither the state nor any local entity, unless specifically authorized by law, may execute any agreement for the purchase of unimproved property which contains provisions related to the successful design and construction of a construction project prior to the transfer of title to the state or local entity.

Acts 2004, No. 361, §1, eff. June 21, 2004.

§2225.2.4. Construction management at risk; public entity

A.(1) Notwithstanding any other provision of law to the contrary, a public entity may use the construction management at risk project delivery method to contract for a project to construct public works as set forth in this Section.

(2) This Section creates an alternative project delivery method, known as "construction management at risk", or "CMAR", for use by a public entity to award a contract to construct public works when deemed in the public interest, beneficial to the owner, and in accordance with the procedures in this Section. The following are reasons to use the CMAR delivery method: collaboration and cost control; concurrent execution of design and construction; a complex project with a tight time frame; owner, designer, and contractor with mutual project goals; risk identification controlled by owner; and minimization of the risk of construction and design disputes by using a collaborative process.

(3) CMAR shall not be used for any project that is estimated to cost less than five million dollars. At least sixty days prior to proceeding to use CMAR for any project that is estimated to cost less than fifteen million dollars, a public entity shall deliver written notification of the proposed CMAR project by name and description of the project, together with the reason to use CMAR, to the House and Senate transportation, highways, and public works committees for review and approval.

B. When used in this Section, the following words and phrases have the meanings

ascribed to them in this Section, unless the context indicates a different meaning:

(1) "Construction management at risk" or "CMAR" means a delivery method by which the owner uses a design professional, who is engaged by the owner for professional predesign or design services, or both. The owner contracts separately with a CMAR contractor to engage in the preconstruction phase. As specified in this Section, the same CMAR contractor may also provide construction services to build the project.

(2) "Construction management at risk contractor" or "CMAR contractor" means a person, sole proprietorship, partnership, corporation, or other legal entity, properly licensed, bonded, and insured, who does one or both of the following:

(a) Provides construction experience to the owner or its design professional during the preconstruction phase regarding the constructability of the project.

(b) May contract with the owner to assume the risk to construct the project for a guaranteed maximum price, without re-procurement.

(3) "Design professional" means an engineer, architect, or landscape architect who has secured a professional license from a Louisiana registration board as required by state law and who is selected by an owner in accordance with state law.

(4) "Owner" means a "public entity" as defined in R.S. 38:2211.

(5) "Selection review committee" means the committee appointed by the owner to review the request for qualifications, score, or rank of the proposers, and recommend award to a construction management at risk contractor. The committee shall consist of no more than five individuals as follows:

(a) One design professional in the discipline of but not involved in the project.

(b) One licensed contractor in the discipline of but not involved in the project.

(c) One representative of the owner.

(d) Two members at large.

(6) All other terms shall have the meanings as provided for in R.S. 38:2211.

(7) All selection review committee members shall be required to sign an ethics statement prior to commencement of any committee meeting.

C. Any owner who determines to use the construction management at risk method shall indicate such intent in the request for qualifications to procure a CMAR contractor and the reasons it deems such method to be in the public interest and beneficial to the owner.

D. There shall be no challenge by any legal process to the choice of the successful construction manager at risk contractor except for fraud, bias for pecuniary or personal reasons not related to the taxpayers' interest, or arbitrary and capricious selection by the owner.

E.(1) Prior to the selection committee conducting business, the owner, the owner's representative, or an assigned RFQ coordinator shall inform the committee on the RFQ, the project, the scoring and ranking procedure, the conduct of the committee's responsibility, and any particulars of the project.

(2) The owner shall select and contract with a design professional for design services in the manner provided for by law.

F.(1) A request for qualifications, or RFQ, to award a contract for a construction management at risk contractor for preconstruction and construction services shall be advertised in the official journal of the owner and, if one exists, on the Internet website of the owner. The RFQ shall be advertised at least two times within the thirty-day period prior to the deadline for receipt of responses.

(2) The RFQ shall include the following as well as any other pertinent information limited to the qualifications of a proposer that the owner determines a proposer may need to submit in a response to an RFQ:

(a) The preconstruction scope of services.

(b) Submittal criteria for the project.

(c) Procurement grading criteria.

(d) Scoring methodology.

(e) Total fees and compensation payable to the CMAR contractor for preconstruction services.

(f) The estimate of the probable construction costs for the project.

(3) The RFQ may request that proposers include the following in response to the RFQ, as well as any other appropriate factors that would, in the opinion of the owner, demonstrate the capability of the proposer to perform the role of CMAR contractor:

(a) The proposer's surety.

(b) Construction methodologies previously used by the proposer on other projects.

(c) Extent to which the proposer intends to self-perform portions of the work, if applicable.

(d) Past performance of the proposer including timely completion of other public works projects of similar complexity and size.

(e) Proposed management and staffing for the project.

(f) The proposer's last safety record to include current experience modification rate, or EMR, recordable incident rate, or RIR, lost work time incident rate, or other data as required by the owner.

(g) The proposer's standard safety plan.

(4) Within ninety days after the deadline for responses to the RFQ, a selection review committee chosen by the owner and identified in the RFQ shall make a written recommendation to the owner as to which proposer should be awarded the contract. The results of the selection review committee, inclusive of its findings, grading, score sheets, and recommendations, shall be available for review by all proposers and shall be deemed public records. The exceptions to the Open Meetings Law are applicable to the selection review committee meetings where individual proposers will be interviewed pursuant to R.S. 42:17(A)(10).

(5) The benefits of using the CMAR method reduce as the design process progresses.

The owner shall select the CMAR contractor either before, but not later than, when in the professional opinion of the owner's design professional, the design professional's design of the project is not more than thirty percent complete.

(6) If the owner deems the highest scored or ranked proposer to be nonresponsive or nonresponsible, then the public entity may award the project to the next highest scored or ranked proposer.

G. After award and execution of the contract with the CMAR contractor, the following actions shall proceed:

(1) The design professional, in consultation with the CMAR contractor, shall proceed with design services.

(2) The owner shall obtain an opinion of probable cost of the project from both the CMAR contractor and the design professional when final design of the project is not more than sixty percent complete, and again when final design of the project is not more than ninety percent complete.

(3) The CMAR contractor shall provide to the owner a guaranteed maximum price for construction of the project, before or upon completion of the final design.

(4) If the owner and CMAR contractor are able to negotiate, and to establish and agree upon a guaranteed maximum price, or GMP, to render construction services for the project, and additionally, to agree upon constructability, construction phasing and sequencing, and the maximum number of contract days to complete the project, the owner may then award the contract for construction services to the CMAR contractor for the construction phase of the contract.

(5) Once a guaranteed maximum price is agreed upon, the owner may contract with the CMAR contractor to undertake construction services. Additionally, the owner may determine and contract with the CMAR contractor to undertake specific items of construction services prior to agreement upon a GMP for such items, provided such undertaking is for the benefit of the project and a GMP for the undertaking can

be agreed upon between the owner and CMAR contractor. Such items may benefit the project, including but not limited to items that require a long lead time, may further the understanding of unknown site conditions, or other items.

(6) If the owner and the CMAR contractor are not able to agree upon constructability, construction phasing and sequencing, the GMP for the project, the maximum number of contract days to complete the project, and to reach a negotiated agreement, then the project shall be readvertised and publicly bid utilizing the design-bid-build delivery method, provided the CMAR contractor shall be prohibited from bidding on the project.

H. The provisions of this Section shall supersede any conflicting provisions of any law, including but not limited to the requirements of Chapter 10 of this Title, but the provisions of such Chapter shall otherwise be applicable to such contracts.

A. A political subdivision may lease, rent, or purchase telecommunications or data processing systems, including equipment, and related services, through a request for proposals which shall conform to the following requirements:

(1) Specifications for the telecommunications or data processing systems equipment and related services shall be prepared in advance and shall designate the specific class or classes of equipment desired and may include all features associated with such class or classes of equipment. The specifications may also include requirements for the maintenance of the equipment if desired.

(2) If a lease-purchase contract for a telecommunications or data processing system is contemplated, the specifications shall require that the proposal contain the following:

(a) The principal amount of any proposed lease.

(b) The interest rate factor to be computed in the lease payments.

(c) The right of the lessee to purchase the equipment at the termination of payments for such equipment as set forth in the lease-purchase contract for a sum not to exceed one dollar.

(3) Any equipment lease-purchase contract entered into pursuant to this Part shall contain an annual appropriation dependence requirement to the effect that the renewal and continuation of such contract is contingent on the appropriation of funds to fulfill the requirements of the contract. If the political subdivision, after a diligent and good-faith effort, fails to appropriate sufficient monies to provide for payments under the contract, the obligation to make payments under the contract shall terminate in accordance with the terms of the contract on the last day of the last fiscal year for which funds were appropriated, provided the equipment is returned to the lessor or his agent as provided in the equipment lease-purchase contract, and such contract shall not be a long-term debt of the local political subdivision. In addition, in the equipment lease-purchase contract, the lessor shall covenant and agree to indemnify and hold the lessee harmless against any loss, damage, liability, cost, penalty or expense, including attorneys' fees, which is not otherwise agreed to by lessee in the equipment lease-purchase contract and which is incurred and arises upon a failure of the political subdivision to appropriate funds in the manner described herein for a continuation of the contract or exercise of the option to purchase the equipment.

(4) Any telecommunications or data processing equipment lease-purchase contract entered into pursuant to this Part shall be treated as a lease for all legal purposes without regard to the rights and obligations of the lessee at lease termination or to any interest factor payment, and without necessity of filing a chattel mortgage. The lessor shall be deemed owner of the equipment during the term of the lease. In addition, the equipment shall be deemed to be movable property for all purposes and shall not become a component part of any immovable

property, notwithstanding any provisions of law to the contrary, including but not limited to Civil Code Articles 465, 466, 467, 493.1, or 495.

(5) All lease-purchase contracts entered into pursuant to this Part shall provide that whatever interests, claims and rights, including warranties of the equipment, which the lessor may have against the selected vendor of the equipment which is the subject of such lease-purchase contract, shall be assigned to the lessee, and the lessee shall have full right to pursue any and all remedies available to the lessor for breach of any warranty against the vendor. In addition, the lease-purchase contract shall provide that the lessor shall join the lessee as a party plaintiff in any cause, if required under state law, for successful pursuit of such action. Upon termination of the lease-purchase contract, unless the option to purchase is exercised, all such interests, claims, and rights assigned to the lessee under this Section shall revert to the lessor. In addition, the lease-purchase contract shall provide that lessee has no right to alienate or encumber the equipment during the term of the lease.

(6) Public notice of the request for proposals shall be given at least thirty days prior to the date scheduled for opening the request for proposals. In addition, written notice of the request for proposals shall be mailed to persons, firms, or corporations who are known to be in a position to furnish such equipment, systems, and related services. This public notice may also be given by electronic media available to the general public.

(7) The request for proposals will indicate the relative importance of price and other evaluation factors, shall clearly define the

tasks to be performed under the contract, the functional specifications, the criteria to be used in evaluating the proposals and the time frames within which the work must be completed.

(8) An award shall be made to the responsible offerer whose proposal is determined in writing by the governing authority of the political subdivision to be the most advantageous, taking into consideration price and other evaluation factors set forth in the request for proposals. No other basis of evaluation shall be used except those set out in the request for proposals.

(9) The governing authority of the political subdivision may reject all proposals when it is deemed that such action is in the best interest of such political subdivision.

(10) Where written proposals are submitted by vendors, the proposals of the successful vendor shall be incorporated into the final contract consummated with that vendor.

B. Political subdivisions may, at their option, procure telecommunications and data processing equipment, systems, or related services in accordance with the provisions of any other applicable law which governs such acquisitions or purchases by political subdivisions of the state, including but not limited to R.S. 38:2211 et seq., with respect to awarding of public contracts. However, in the event an invitation for bids is used in lieu of a request for proposals, written notice of that fact shall be given to all bidders and such notice shall also state that the request for proposals procedure will not be applicable.

§ 61. Declaration of policy

A. It is essential to the maintenance of a democratic society that public officials and employees perform the public business in a manner which serves to promote and maintain in the general citizenry a high level of confidence and trust in public officials, public employees, and governmental decisions. The attainment of this end is impaired when a public official or employee holds two or more public offices or public jobs which by their particular nature conflict with the duties and interests of each other. The attainment of a high level of confidence and trust by the general citizenry in public officials, employees, and governmental decisions is further impaired by the excessive accumulation of governmental power which may

result from public officials or employees holding two or more public offices or public jobs.

B. It is the purpose of this Part to implement a policy which will serve to maintain a high level of trust and confidence by the general citizenry in public officials, employees, and governmental decisions of the government of this state and of its political subdivisions by defining and regulating dual employment and by defining, regulating, and prohibiting dual officeholding.

special, be the regular attorneys and counsel for the parish governing authorities, parish school boards, and city school boards within their respective districts and of every state board or commission domiciled therein, the members of which, in whole or in part, are elected by the people or appointed by the governor or other prescribed authority, except the state boards and commissions domiciled at the city of Baton Rouge, and all boards in charge or in control of state institutions.

PART I. GENERAL PROVISIONS

§ 1101. Declaration of policy

A. Whereas the people of the state of Louisiana have in Article X, Section 21 of the Louisiana Constitution mandated that the legislature enact a code of ethics for officials and employees of this state and its political subdivisions, the legislature does hereby enact a Code of Governmental Ethics.

B. It is essential to the proper operation of democratic government that elected officials and public employees be independent and

impartial; that governmental decisions and policy be made in the proper channel of the governmental structure; that public office and employment not be used for private gain other than the remuneration provided by law; and that there be public confidence in the integrity of government. The attainment of one or more of these ends is impaired when a conflict exists between the private interests of an elected official or a public employee and his duties as such. The public interest, therefore, requires that the law protect against such conflicts of interest and that it establish appropriate ethical standards with respect to the conduct of elected officials and public employees without creating unnecessary barriers to public service. It is the purpose of this Chapter to implement these policies and objectives.

(2) If, however, segregating the record would be unreasonably burdensome or expensive, or if the record requested is maintained in a fashion that makes it readily identifiable and renders further segregation unnecessary, the official shall so state in writing and shall state the location of the requested record.

B.(1) If the public record applied for is immediately available, because of its not being in active use at the time of the application, the public record shall be immediately presented to the authorized person applying for it. If the public record applied for is not immediately available, because of its being in active use at the time of the application, the custodian shall promptly certify this in writing to the applicant, and in his certificate shall fix a day and hour within three days, exclusive of Saturdays, Sundays, and legal public holidays, for the exercise of the right granted by this Chapter.

(2) The fact that the public records are being audited shall in no case be construed as a reason or justification for a refusal to allow inspection of the records except when the public records are in active use by the auditor.

§ 35. Enforcement

Any person who has been denied the right to inspect, copy, reproduce, or obtain a copy or reproduction of a record under the provisions of this Chapter, either by a determination of the custodian or by the passage of five days, exclusive of Saturdays, Sundays, and legal public holidays, from the date of his in-person, written, or electronic request without receiving a determination in writing by the custodian or an estimate of the time reasonably necessary for

collection, segregation, redaction, examination, or review of a records request, may institute proceedings for the issuance of a writ of mandamus, injunctive or declaratory relief, together with attorney fees, costs and damages as provided for by this Section, in the district court for the parish in which the office of the custodian is located.

If such person prevails in part, the court may in its discretion award him reasonable attorney fees or an appropriate portion thereof.

(2) If a public body or official brings a suit against a person based on the person's request to inspect, copy, or reproduce a record or to receive or obtain a copy or reproduction of a public record and the person prevails in the suit, the person shall be awarded reasonable attorney fees and other costs of litigation. If the person prevails in part, the court may in its discretion award the person reasonable attorney fees or an appropriate portion thereof.

2. **Sales Tax [in part]**

CHAPTER 1. INCOME TAX

PART 1. GENERAL PROVISIONS

SUBPART B. TAX LEVY; RATES OF TAX

Section

37. Tax Credit for contributions to educational institutions.

PART I. GENERAL PROVISIONS

SUBPART B. TAX LEVY; RATES OF TAX

§ 37. Tax credit for contributions to educational institutions

A. The intent of this Section is to provide an incentive to corporations, persons, estates, and trusts to contribute or donate, or sell below cost tangible movable property to public educational institutions for purposes of research, research training, or direct education of students in the state. Any corporation, person, estate, and trust contributing, donating, or selling below cost tangible movable property to educational institutions as specified herein shall be allowed a credit against the tax liability due under the income tax as determined pursuant to Subsection C of this Section.

B. For purposes of this Section the following words and phrases shall have the following meanings:

(1) "Corporation" means any business entity authorized to do business in the state of Louisiana and subject to the state corporate income tax.

(2) Cost. In the case of a donation or sale below cost by a wholesale or retail business, "cost" shall mean the amount actually paid by the wholesaler or retailer to the supplier for the machinery or equipment. In the case of a donation or sale below cost by a manufacturer of machinery or equipment, "cost" shall mean the enhanced value of the materials used to produce the machinery or equipment, which shall be deemed to be the lowest price at which the manufacturer sells the machinery or equipment.

(3) "Educational institution" shall include any public elementary and secondary, vocational-technical, or higher education facility, private, or parochial institutions, community colleges, special schools, museums, or any public library in the state of Louisiana.

(4) "New" means the machinery and equipment is state of the art machinery and equipment which:

(a) Has never been used except for normal testing by the manufacturer to insure that the machinery or equipment is of a proper quality and in good working order, or

(b) Has been used by the retailer or wholesaler solely for the purpose of demonstrating the product to customers for sale.

(5) "Persons, estates, and trusts" shall be as defined by R.S. 47:31.

(6) "State of the art machinery and equipment" means machinery and equipment which is of the same type, design, and capability

as like machinery and equipment which is currently sold or manufactured by the donor for sale to customers.

(7) "Tangible movable property" shall mean property of a sophisticated and technological nature including any computer or data processing equipment, either hardware, software, or both, which is capable of being used for purposes of research, research training, or direct education of students.

C. There shall be allowed a credit against the tax liability due under the income tax for donations, contributions, or sales below cost of tangible movable property made to educational institutions in the state of Louisiana. The credit allowed by this Section shall be computed at the rate of twenty-nine percent of such property's value, as defined herein, or, in the case of a sale below cost, twenty-nine percent of the difference between the price received for the tangible movable property by the taxpayer and the value of the property as defined herein. The credit shall be limited to the total of the tax liability for the taxable year for which it is being claimed and shall be in lieu of the deductions from gross income provided for in R.S. 47:57. The credit shall not be allowed if the taxpayer arbitrarily, capriciously, or unreasonably discriminates against any person because of race, religion, ideas, beliefs, or affiliations.

D.(1) Any donations, contributions, or sales below cost of tangible movable property, to an educational institution will not qualify for this credit unless approved and accepted by the immediate board of jurisdiction charged with supervision and management of the educational institution. Prior to any donation, contribution, or purchase below cost, of such property the board of jurisdiction over the educational institution shall certify in writing that property to be donated, contributed, or purchased shall be used only in research, research training, or direct education of students.

(2) The value of the credit against any income tax due shall be based upon the donor's or seller's actual cost of new items of such

property and not on retail value and upon appraised value of used items of such property. When new property is donated, contributed, or sold as provided herein, the donor or seller shall furnish to the board of jurisdiction an invoice showing the donor's or seller's actual purchase price. When used property is donated, contributed, or sold below cost, an appraisal shall be obtained by the institution accepting the donation or contribution or purchasing the used property, which shall furnish to the donor or seller a certification of such donation, contribution, or sale below cost which shall include the date and the value of the donation or contribution or property sold. Used property sold below cost shall mean a sale below the appraised value. The donor shall attach the certification to the income tax return filed with the Department of Revenue.

E.(1) Any corporation, person, estate, or trust contributing, donating, or selling for less than cost any tangible movable property to an educational institution shall enter into an orientation agreement with the educational institution receiving said contribution, donation, or purchase. Such orientation must be provided at no cost to said institution and shall be provided at a location as determined pursuant to said agreement. Orientation shall occur within two weeks after installation of such property.

(2) If requested by the donee or purchaser, any corporation, person, estate, or trust contributing, donating, or selling any tangible movable property to an educational institution shall enter into a minimum three months maintenance/service agreement with the educational institution receiving said contribution or said donation in order to receive tax credit provided herein.

(3) Any software/courseware donated under the provisions of this Section shall be compatible with the existing hardware of the educational institution.

F. The secretary of the Department of Revenue shall promulgate such rules and

regulations as may be deemed necessary to carry out the purposes of this Section.

G. Any state educational institution receiving any donation or contribution or purchasing any property below cost under this Section shall report to the Joint Legislative Committee on the Budget with respect to any tangible movable property donated, contributed, or property purchased below cost, information concerning the type and condition of property; the value of the property; the amount of the tax credit; and any other information which may be requested by the committee.

H. The provisions of this Section shall be effective for taxable periods beginning after December 31, 1985.

I. The credit provided for pursuant to the provisions of this Section shall terminate and shall have no effect beginning January 1, 2020.

B.(1)(a) For any taxing authority with a governing authority membership which is elected by the voters, increases in the millage rate in excess of the rates established as provided by Article VII, Section 23(B) of the Constitution of Louisiana, but not in excess of the prior year's maximum authorized millage rate may be levied by two-thirds vote of the total membership of a taxing authority without further voter approval but only after a public hearing held in accordance with the open meetings law.

(b)(i) Any taxing authority with a governing authority membership which is not elected by the voters may increase a millage rate in excess of the rates established as provided in

Article VII, Section 23(B) of the Constitution of Louisiana, but not in excess of the prior year's maximum authorized millage rate. Such increased millage shall also be limited to an amount which would increase the ad valorem taxes collected by the taxing authority by no more than two and one-half percent of the collections for the calendar year immediately preceding the year for which the increased millage rate is effective.

(ii) The provisions of this Subparagraph shall not apply to taxing authorities which are special fire protection or fire department districts nor shall they affect the provisions of Article VI, Section 39(A) of the Constitution of Louisiana.

(2) In order to accomplish this result, the following shall be mandatory:

(a) Each tax recipient body shall adopt an ordinance or resolution which shall set forth and designate the adjusted millage rate as required by Article VII, Section 23(B) of the Constitution of Louisiana.

(b) Each tax recipient body shall adopt another separate ordinance or resolution which shall provide for such millage rate increases by two-thirds vote and shall set forth and designate not only the increased millage rate but also the adjusted millage rate as required in Subparagraph (a) above and by Article VII, Section 23(B) of the Constitution of Louisiana.

(c)(i) In addition to any notice requirements provided for in Article VII, Section 23(C) of the Constitution of Louisiana and this Section, any tax recipient body which proposes to hold a public hearing in any tax year for the purpose of levying additional or increased millages on property without further voter approval shall publish, by the date provided for in Item (ii) of this Subparagraph, public notice of the date, time, and place of the hearing. The notice shall contain a statement that the tax recipient body intends to consider at the hearing levying additional or increased millage rates without further voter approval. It shall also contain the following information relating to the proposal for the increased millage sought under

the provisions of Paragraph (1) of this Subsection.

(aa) An estimate of the amount of tax revenues to be collected in the next tax year from the increased millage as compared to the amount of tax revenue for the current year, and the amount of increase in taxes attributable to the millage increase.

(bb) For purposes of the Internet publication only, the notice shall contain a recitation of the current budget of the taxing authority.

(ii)(aa) The notice shall be published on two separate days, occurring no less than thirty days before the hearing date, in the official journal of the taxing authority, and in another newspaper with a larger circulation within the taxing authority than the official journal of the taxing authority, if there is one. On the first day of publication, the notice shall also be posted on the Internet website of the taxing authority, if such taxing authority maintains an Internet website. The Internet posting shall remain active until such time as the taxing authority has taken action to approve or disapprove, or has abandoned action on, the proposed millage increase.

(bb) Repealed by Acts 2018, No. 75, §2.

(iii) Requirements for the notice required in this Subparagraph shall be prescribed by the Louisiana Tax Commission which requirements shall include:

(bb) Formatting in a box with a bolded outline.

(cc) A size of not less than two columns by four inches.

(dd) Print in bold face type.

(iv) The additional publications in the official journal as required by this Subparagraph shall be provided by the official journal at a charge not in excess of the rates assessed and charged for regular commercial advertising.

(v) Failure to timely accomplish such publication shall make the adoption at such a hearing of any resolution or ordinance providing for the adoption of additional or increased millage null, void, and of no effect.

(vi) Each tax recipient body required to publish public notice pursuant to this Subparagraph shall also provide to the assessor in its parish or district as the case may be, the date, time and place of its pending hearing. Each assessor shall maintain a list of each of the pending hearing dates in his parish or district as the case may be and may publish such hearing dates on his website.

(d) In addition to the requirements for publication provided for in this Subparagraph, the tax recipient body shall issue a press release to newspapers with substantial distribution within the parish of the tax recipient's jurisdiction and to area broadcast media.

(e) The provisions of Subparagraphs (B)(2)(c) and (d) of this Section shall not apply in the parish of Rapides.

(f) In the event of cancellation or postponement of a public hearing which was scheduled for the consideration of a proposal to levy additional or increased millages on property as provided in this Subsection, or in the event that such a proposal was considered at the public hearing without action or vote, then any future public hearing to consider such proposal shall be advertised and publicized as required in this Subsection, except that no newspaper advertisement shall be required.

C. In order for the taxing bodies to comply with the requirements hereof, each assessor shall furnish to the taxing authorities in his parish by May 1 of each year that reassessment occurs a statement showing the assessed value of taxable property that appeared on the tax roll of the prior year before and after

reassessment and application of changes in the homestead exemption.

D. In order to carry out the mandate of Article VII, Section 23(B) of the Constitution of Louisiana, the legislative auditor is hereby authorized and required to review the millages levied by each tax recipient body in each year that reassessment occurs to determine whether the millages levied are in compliance with the provisions of this Section and the constitution. The legislative auditor is also authorized and required to review the millages levied by each tax recipient body in each year in which an increase in millage is made by a two-thirds vote of the total membership of the taxing authority under the provisions of Article VII, Section 23(C) of the Constitution of Louisiana, to determine whether the millage levied is in compliance with the provisions of this Section and the Constitution. The auditor shall order changes in the amount of millage levied if the auditor determines thereafter that a mathematical error or mathematical errors have been made in the calculation of the adjustment of millages as required by this Section and the Constitution of Louisiana.

Any agency or person that maintains computerized data that includes personal information that the agency or person does not own shall notify the owner or licensee of the information if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person through a breach of security of the system containing such data, following discovery by the agency or person of a breach of security of the system.

E. The notification required pursuant to Subsections C and D of this Section shall be made in the most expedient time possible and without unreasonable delay but not later than sixty days from the discovery of the breach, consistent with the legitimate needs of law enforcement, as provided in Subsection F of this Section, or any measures necessary to determine the scope of the breach, prevent further disclosures, and restore the reasonable integrity of the data system. When notification required pursuant to Subsections C and D of this Section is delayed pursuant to Subsection F of this Section or due to a determination by the person or agency that measures are necessary to

determine the scope of the breach, prevent further disclosures, and restore the reasonable integrity of the data system, the person or agency shall provide the attorney general the reasons for the delay in writing within the sixty day notification period provided in this Subsection. Upon receipt of the written reasons, the attorney general shall allow a reasonable extension of time to provide the notification required in Subsections C and D of this Section.

F. If a law enforcement agency determines that the notification required under this Section would impede a criminal investigation, such notification may be delayed until such law enforcement agency determines that the notification will no longer compromise such investigation.

G. Notification may be provided by one of the following methods:

(1) Written notification.

(2) Electronic notification, if the notification provided is consistent with the provisions regarding electronic records and signatures set forth in 15 U.S.C. 7001.

(3) Substitute notification, if an agency or person demonstrates that the cost of providing notification would exceed one hundred thousand dollars, or that the affected class of persons to be notified exceeds one hundred thousand, or the agency or person does not have sufficient contact information. Substitute notification shall consist of all of the following:

(a) E-mail notification when the agency or person has an e-mail address for the subject persons.

(b) Conspicuous posting of the notification on the Internet site of the agency or person, if an Internet site is maintained.

(c) Notification to major statewide media.

H. Notwithstanding Subsection G of this Section, an agency or person that maintains a notification procedure as part of its information security policy for the treatment of personal information which is otherwise consistent with the timing requirements of this Section shall be considered to be in compliance with the notification requirements of this Section if the agency or person notifies subject persons in accordance with the policy and procedure in the event of a breach of security of the system.

I. Notification as provided in this Section shall not be required if after a reasonable investigation, the person or business determines that there is no reasonable likelihood of harm to the residents of this state. The person or business shall retain a copy of the written determination and supporting documentation for five years from the date of discovery of the breach of the security system. If requested in writing, the person or business shall send a copy of the written determination and supporting documentation to the attorney general no later than thirty days from the date of receipt of the request. The provisions of R.S. 51:1404(A)(1)(c) shall apply to a written determination and supporting documentation sent to the attorney general pursuant to this Subsection.

Slavery and involuntary servitude are prohibited, except in the latter case as punishment for crime.

§ 4. Right to Property

Section 4.(A) Every person has the right to acquire, own, control, use, enjoy, protect, and dispose of private property. This right is subject to reasonable statutory restrictions and the reasonable exercise of the police power.

(B)(1) Property shall not be taken or damaged by the state or its political subdivisions except for public purposes and with just compensation paid to the owner or into court for his benefit. Except as specifically authorized by Article VI, Section 21 of this Constitution property shall not be taken or damaged by the state or its political subdivisions: (a) for predominant use by any private person or entity;

or (b) for transfer of ownership to any private person or entity.

(2) As used in Subparagraph (1) of this Paragraph and in Article VI, Section 23 of this Constitution, "public purpose" shall be limited to the following:

(a) A general public right to a definite use of the property.

(b) Continuous public ownership of property dedicated to one or more of the following objectives and uses:

(4) Property shall not be taken or damaged by any private entity authorized by law to expropriate, except for a public and necessary purpose and with just compensation paid to the owner; in such proceedings, whether the purpose

is public and necessary shall be a judicial question.

(5) In every expropriation or action to take property pursuant to the provisions of this Section, a party has the right to trial by jury to determine whether the compensation is just, and the owner shall be compensated to the full extent of his loss. Except as otherwise provided in this Constitution, the full extent of loss shall include, but not be limited to, the appraised value of the property and all costs of relocation, inconvenience, and any other damages actually incurred by the owner because of the expropriation.

However, this Paragraph shall not apply to compensation paid for a building or structure that was destroyed or damaged by an event for which a presidential declaration of major disaster or emergency was issued, if the taking occurs within three years of such event. The legislature by law may provide procedures and definitions for the provisions of this Paragraph.

After thirty years have passed from the date the property was expropriated, the state or political subdivision may sell or otherwise transfer the property as provided by law.

(2) Within one year after the completion of the project for which the property was expropriated, the state or its political subdivision which expropriated the property shall identify all property which is not necessary for the public purpose of the project and declare the property as surplus property.

(3) All expropriated property identified as surplus property shall be offered for sale to the original owner or his heir, or, if there is no heir, to the successor in title to the owner at the time of expropriation at the current fair market value, within two years after completion of the project. If the original owner, heir, or other successor in title refuses or fails to purchase the

surplus property within three years from completion of the project, then the surplus property may be offered for sale to the general public by competitive bid.

(4) After one year from the completion of the project for which property was expropriated, the original owner or his heir, or, if there is no heir, the successor in title to the owner at the time of expropriation may petition the state or its political subdivision which expropriated the property to have all or any portion of his property declared surplus. If the state or its political subdivision refuses or fails to identify all or any portion of the expropriated property as surplus, the original owner or the successor in title may petition any court of competent jurisdiction to have the property declared surplus.

Upon the consolidation and merger, the local governmental subdivision shall succeed to and be vested with all of the rights, revenues, resources, jurisdiction, authority, and powers of the special district or local public agency. A

Section 23. Subject to and not inconsistent with this constitution and subject to restrictions provided by general law, political subdivisions may acquire property for any public purpose by purchase, donation, expropriation, exchange, or otherwise.

PART II. FINANCE

§ 26. Parish Ad Valorem Tax

Section 26.(A) Parish Tax for General Purposes; Millage Limits; Increase. The governing authority of a parish may levy annually an ad valorem tax for general purposes not to exceed four mills on the dollar of assessed valuation. However, in Orleans Parish the limitation shall be seven mills, and in Jackson Parish the limitation shall be five mills. Millage rates may be increased in any parish when approved by a majority of the electors voting thereon in an election held for that purpose.

(B) Millage Increase Not for General Purposes. When the millage increase is for other than general purposes, the proposition shall state the specific purpose or purposes for which the tax is to be levied and the length of time the tax is to remain in effect. All proceeds of the tax shall be used solely for the purpose or purposes set forth in the proposition.

(C) Parish Tax in Municipality. The amount of the parish tax for general purposes which any parish, except Orleans Parish, may

levy, without a vote of the electors, on property located wholly within any municipality which has a population exceeding one thousand inhabitants according to the last federal decennial census, or other census authorized by law, and which provides and maintains a system of street paving, shall not exceed one-half the tax levy for general purposes.

(D) Withdrawal from Parish Taxing Authority. This Section shall not affect the withdrawal of property in a municipality from parish taxing authority, in whole or in part, by a provision of the legislative charter of a municipality in effect on the effective date of this constitution.

(E) Additional Taxes for Orleans Parish.

(1) In addition to any millage authorized by Paragraph (A) of this Section, the governing authority of Orleans Parish may levy annually an additional ad valorem tax for fire protection not to exceed ten mills on the dollar of assessed valuation and an additional ad valorem tax for police protection not to exceed ten mills on the dollar of assessed valuation. Notwithstanding the provisions of Article VII, Section 20(A), the homestead exemption shall not extend to such additional ad valorem taxes. The additional revenues generated by these fire and police millages shall not displace, replace, or supplant funding by the city of New Orleans for fire and police protection for calendar year 2013 nor shall the level of funding for such purposes by the city for that calendar year be decreased below such level in any subsequent calendar year. Furthermore, the revenues generated by these fire and police millages shall be used solely for fire and police protection services that directly contribute to the safety of the residents of Orleans Parish. In the event of either of the above, the authorization for such fire and police millages herein shall be null, void, and of no effect. This provision shall mean that no appropriation for any calendar year from such additional revenues shall be made for any purpose for which a city appropriation was made in the previous year unless the total appropriations for that calendar

year from the city for such purpose exceed city appropriations for the previous year. This provision shall in no way limit city appropriations in excess of the minimum amounts herein established.

(2) Any additional ad valorem tax authorized by the amendment of Subparagraph (1) of this Paragraph as approved by the voters in 2014 shall be levied only if approved by a majority of the electors of Orleans Parish who vote on a proposition authorizing the additional tax at an election held for that purpose.

Amended by Acts 1990, No. 1103, §1, approved Oct. 6, 1990, eff. Nov. 8, 1990; Acts 2014, No. 870, §1, eff. Dec. 9, 2014.

§ 27. Municipal Ad Valorem Tax

Section 27.(A) Municipal Tax for General Purposes; Millage Limits; Increase. The governing authority of a municipality may levy annually an ad valorem tax for general purposes not to exceed seven mills on the dollar of assessed valuation. However, if a municipality, by its charter or by law, is exempt from payment of parish taxes or, under legislative or constitutional authority, maintains its own public schools, it may levy an annual tax not to exceed ten mills on the dollar of assessed valuation. Millage rates may be increased in any municipality when approved by a majority of the electors voting thereon in an election held for that purpose.

(B) Millage Increase Not for General Purposes. When the millage increase is for other than general purposes, the proposition shall state the specific purpose or purposes for which the tax is to be levied and the length of time the tax is to remain in effect. All proceeds of the tax shall be used solely for the purpose or purposes set forth in the proposition.

(C) Exception. This Section shall not apply to the city of New Orleans.

§ 29. Local Governmental Subdivisions and School Boards; Sales Tax

Section 29.(A) Sales Tax Authorized. Except as otherwise authorized in a home rule charter as provided for in Section 4 of this Article, the governing authority of any local governmental subdivision or school board may levy and collect a tax upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption, of tangible personal property and on sales of services as defined by law, if approved by a majority of the electors voting thereon in an election held for that purpose. The rate thereof, when combined with the rate of all other sales and use taxes, exclusive of state sales and use taxes, levied and collected within any local governmental subdivision, shall not exceed three percent.

(B) Additional Sales Tax Authorized. However, the legislature, by general or by local or special law, may authorize the imposition of additional sales and use taxes by local governmental subdivisions or school boards, if approved by a majority of the electors voting thereon in an election held for that purpose.

(C) Bonds; Security. Nothing in this Section shall affect any sales or use tax authorized or imposed on the effective date of this constitution or affect or impair the security of any bonds payable from the proceeds of the tax.

(D) Exemptions; Protection of Bonds. Except when bonds secured thereby have been authorized, the legislature may provide for the exemption or exclusion of any goods, tangible personal property, or services from sales or use taxes only pursuant to one of the following:

(1) Exemptions or exclusions uniformly applicable to the taxes of all local governmental subdivisions, school boards, and other political subdivisions whose boundaries are not coterminous with those of the state.

(2) Exemptions or exclusions applicable to the taxes of the state or applicable to political

subdivisions whose boundaries are coterminous with those of the state, or both.

(3) Exemptions or exclusions uniformly applicable to the taxes of all the tax authorities in the state.

§ 30. Political Subdivisions; Taxing Power

Section 30.(A) A political subdivision may exercise the power of taxation, subject to limitations elsewhere provided by this constitution, under authority granted by the legislature for parish, municipal, and other local purposes, strictly public in their nature. This Section shall not affect similar grants to political subdivisions under self-operative sections of this constitution.

(B) Notwithstanding the provisions of Paragraph (A) of this Section, or any other provision of law to the contrary, no political subdivision shall submit the same tax proposition, or a new tax proposition that includes such a tax proposition, to the electorate more than once within a six month period except in the case of an emergency as determined by the governing authority of the political subdivision.

Amended by Acts 1995, No. 1329, §1, approved Oct. 21, 1995, eff. Nov. 23, 1995.

§ 30.1. Bonding and Taxing Authority of Certain Political Subdivisions and Other Public Entities

Section 30.1.(A) The Louisiana Recovery District shall have no power or authority, directly or indirectly, to incur debt or issue bonds after the effective date of this Section except to refund any such outstanding debt or bonds at a lower effective rate of interest. Any debt or bonds issued and outstanding on the effective date of this Section, or any debt incurred or bonds issued to refund such indebtedness or bonds as authorized by this Section shall be retired no later than the end of Fiscal Year 1998-1999. At such time as there is

no debt or bonds of the Louisiana Recovery District outstanding, the Louisiana Recovery District shall cease to exist and any authority or power of the district shall be null and void. The Louisiana Recovery District shall not levy a new tax or increase any existing tax of the district.

(B) The legislature shall not grant any power of taxation or power to incur debt or issue bonds to any one or more political subdivisions, special districts, agencies, boards, commissions, or other authorities created by the legislature for the purpose of generating revenue for the state whose boundary or combined boundaries are coterminous with the state, except by law enacted by a favorable record vote of two-thirds of the elected members of each house of the legislature. This Paragraph shall not apply to the Louisiana Recovery District.

(C) Except as provided in Paragraphs (A) and (B), this Section shall not apply to any political subdivision, special district, agency, board, commission, municipality, parish, school board, levee district, port, or to any other similar authority.

Added by Acts 1994, No. 48, §1, approved Oct. 1, 1994, eff. Nov. 3, 1994.

§ 32. Special Taxes; Authorization

Section 32. For the purpose of acquiring, constructing, improving, maintaining, or operating any work of public improvement, a political subdivision may levy special taxes when authorized by a majority of the electors in the political subdivision who vote thereon in an election held for that purpose.

§ 33. Political Subdivisions; General Obligation Bonds

Section 33.(A) Authorization. Subject to approval by the State Bond Commission or its successor, general obligation bonds may be issued only after authorization by a majority of the electors voting on the proposition at an election in the political subdivision issuing the bonds. Bonds to refund outstanding

indebtedness at the same or at a lower effective rate of interest, even though payable solely from ad valorem taxes, need not be authorized at an election if the indebtedness refunded is paid or cancelled at the time of the delivery of the refunding bonds, or if money, or securities made eligible for such purpose by law, are deposited in escrow in an adequate amount, with interest, to be utilized solely to retire the refunded indebtedness or bonds and to pay interest thereon and redemption premiums, if any, to the time of retirement.

(B) Full Faith and Credit. The full faith and credit of a political subdivision is hereby pledged to the payment of general obligation bonds issued by it under this constitution or the statute or proceedings pursuant to which they are issued. The governing authority of the issuing political subdivision shall levy and collect or cause to be levied and collected on all taxable property in the political subdivision ad valorem taxes sufficient to pay principal and interest and redemption premiums, if any, on such bonds as they mature.

§ 34. Limitations on Bonded Indebtedness

Section 34. The legislature by law shall fix the limitation on bonded indebtedness payable solely from ad valorem taxes levied by political subdivisions.

§ 35. Contesting Political Subdivision Bonds

Section 35.(A) Contesting Election; Time Limit. For sixty days after promulgation of the result of an election held to incur or assume debt, issue bonds, or levy a tax, any person in interest may contest the legality of the election, the bond issue provided for, or the tax authorized, for any cause. After that time no one shall have any cause or right of action to contest the regularity, formality, or legality of the election, tax provisions, or bond authorization, for any cause whatsoever. If the validity of any election, tax, debt assumption, or bond issue authorized or provided for is not raised within the sixty days, the authority to incur or assume debt, levy the

tax, or issue the bonds, the legality thereof, and the taxes and other revenues necessary to pay the same shall be conclusively presumed to be valid, and no court shall have authority to inquire into such matters.

(B) Contesting Ordinance or Resolution; Time Limit. Every ordinance or resolution authorizing the issuance of bonds or other debt obligation by a political subdivision shall be published at least once in the official journal of the political subdivision or, if there is none, in a newspaper having general circulation therein. For thirty days after the date of publication, any person in interest may contest the legality of the ordinance or resolution and of any provision therein made for the security and payment of the bonds. After that time, no one shall have any cause of action to test the regularity, formality, legality, or effectiveness of the ordinance or resolution, and provisions thereof for any cause whatever. Thereafter, it shall be conclusively presumed that every legal requirement for the issuance of the bonds or other debt obligation, including all things pertaining to the election, if any, at which the bonds or other

debt obligation were authorized, has been complied with. No court shall have authority to inquire into any of these matters after the thirty days.

§ 36. Local Improvement Assessments

Section 36.(A) Authorization. The legislature shall provide by general law or by local or special law the procedures by which a political subdivision may levy and collect local or special assessments on real property for the purpose of acquiring, constructing, or improving works of public improvement.

(B) Certificates of Indebtedness; Security. Certificates of indebtedness may be issued to cover the cost of any such public improvement. They shall be secured by the pledge of the local or special assessments levied therefor and may be further secured by the pledge of the full faith and credit of the political subdivision.

(C) Exception. This Section shall not apply to a school board.

PART II. PROPERTY TAXATION

§ 18. Ad Valorem Taxes

Section 18.(A) Assessments. Property subject to ad valorem taxation shall be listed on the assessment rolls at its assessed valuation, which, except as provided in Paragraphs (C), (F), and (G), shall be a percentage of its fair market value. The percentage of fair market value shall

be uniform throughout the state upon the same class of property.

(B) Classification. The classifications of property subject to ad valorem taxation and the percentage of fair market value applicable to each classification for the purpose of determining assessed valuation are as follows:

Percentages	Classifications
10%	1. Land
10%	2. Improvements for residential purposes
10%	3. Electric cooperative properties, excluding land
15%	4. Public service properties, excluding land
15%	5. Other property

The legislature may enact laws defining electric cooperative properties and public service properties.

(C) Use Value. Bona fide agricultural, horticultural, marsh, and timber lands, as defined by general law, shall be assessed for tax purposes at ten percent of use value rather than fair market value. The legislature may provide by law similarly for buildings of historic architectural importance.

(D) Valuation. Each assessor shall determine the fair market value of all property subject to taxation within his respective parish or district except public service properties, which shall be valued at fair market value by the Louisiana Tax Commission or its successor. Each assessor shall determine the use value of property which is to be so assessed under the provisions of Paragraph (C). Fair market value and use value of property shall be determined in accordance with criteria which shall be established by law and which shall apply uniformly throughout the state.

(E) Review. The correctness of assessments by the assessor shall be subject to review first by the parish governing authority,

then by the Louisiana Tax Commission or its successor, and finally by the courts, all in accordance with procedures established by law.

(F) Reappraisal. (1) All property subject to taxation shall be reappraised and valued in accordance with this Section, at intervals of not more than four years.

(2)(a) In the year of implementation of a reappraisal as required in Subparagraph (1) of this Paragraph, solely for purposes of determining the ad valorem tax imposed on residential property subject to the homestead exemption as provided in Section 20 of this Article, if the assessed value of immovable property increases by an amount which is greater than fifty percent of the property's assessed value in the previous year, the collector shall phase-in the additional tax liability resulting from the increase in the property's assessed value over a four-year period as follows:

(i) For purposes of calculating the ad valorem taxes on the property in the first levy following reappraisal, the collector shall use the property's assessed value from the previous year, which shall be called the base amount as used in this Subparagraph, and shall increase the portion of the assessed value of the property used to calculate ad valorem taxes by adding an amount which is equal to one-fourth of the amount of the increase in the property's assessed value as a result of the reappraisal to the base amount. This resulting amount shall constitute the property's taxable value and shall be used solely for purposes of calculating ad valorem taxes for that taxable year.

(ii) For purposes of calculating the ad valorem taxes on the property in the second levy following reappraisal, the collector shall increase the portion of the assessed value of the property used to calculate ad valorem taxes by adding an amount which is equal to one-half of the amount of the increase in the property's assessed value as a result of the reappraisal to the base amount. This resulting amount shall constitute the property's taxable value and shall be used solely

for purposes of calculating ad valorem taxes for that taxable year.

(iii) For purposes of calculating the ad valorem taxes on the property in the third levy following reappraisal, the collector shall increase the portion of the assessed value of the property used to calculate ad valorem taxes by adding an amount which is equal to three-quarters of the amount of the increase in the property's assessed value as a result of the reappraisal to the base amount. This resulting amount shall constitute the property's taxable value and shall be used solely for purposes of calculating ad valorem taxes for that taxable year.

(iv) In the fourth levy following reappraisal, the collector shall calculate ad valorem taxes based on the property's full assessed value.

(b) The provisions of this Subparagraph providing for a phase-in of additional ad valorem tax liability following reappraisal shall cease to apply upon the transfer or conveyance of ownership of the property. Following a transfer or conveyance, the collector shall calculate ad valorem taxes based on the property's full assessed value.

(c) Property subject to the provisions of this Subparagraph shall not be subject to reappraisal by an assessor until after the four-year phase-in of the amount of the increase in the property's assessed value is complete.

(d) Notwithstanding any provision of this constitution to the contrary, the increase in assessed valuation of property phased-in under this Subparagraph shall be included as taxable property for purposes of any subsequent reappraisals and valuation for millage adjustment purposes under Article VII, Section 23(B) of this constitution. The decrease in the total amount of ad valorem tax collected by a taxing authority as a result of this phase-in of assessed valuation shall be absorbed by the taxing authority and shall not create any additional tax liability for other taxpayers in the taxing district as a result of any subsequent reappraisal and valuation or millage adjustment. Implementation of this

phase-in of increase in assessed valuation authorized in this Subparagraph shall neither trigger nor be cause for a reappraisal of property or an adjustment of millages pursuant to the provisions of Article VII, Section 23(B) of this constitution.

(e) The provisions of this Subparagraph shall not apply to the extent the increase was attributable to construction on or improvements to the property.

(G) Special Assessment Level.

(1)(a)(i) The assessment of residential property receiving the homestead exemption which is owned and occupied by any of the following and who meet all of the other requirements of this Section shall not be increased above the total assessment of that property for the first year that the owner qualifies for and receives the special assessment level, provided that such person or persons remain qualified for and receive the special assessment level:

(aa) People who are sixty-five years of age or older.

(bb) People who have a service-connected disability rating of fifty percent or more by the United States Department of Veterans Affairs.

(cc) Members of the armed forces of the United States or the Louisiana National Guard who owned and last occupied such property who are killed in action, or who are missing in action or are a prisoner of war for a period exceeding ninety days.

(dd) Any person or persons permanently totally disabled as determined by a final non-appealable judgment of a court or as certified by a state or federal administrative agency charged with the responsibility for making determinations regarding disability.

(ii) Any person or persons shall be prohibited from receiving the special assessment as provided in this Section if such person's or persons' adjusted gross income, as reported in the federal tax return for the year prior to the application for the special assessment, exceeds

one hundred thousand dollars. For persons applying for the special assessment whose filing status is married filing separately, the adjusted gross income for purposes of this Section shall be determined by combining the adjusted gross income on both federal tax returns. Beginning for the tax year 2026, and for each tax year thereafter, the one hundred thousand dollar limit shall be adjusted annually by the Consumer Price Index as reported by the United States Government.

(iii) An eligible owner or the owner's spouse or other legally qualified representative shall apply for the special assessment level by filing a signed application establishing that the owner qualifies for the special assessment level with the assessor of the parish or, in the parish of Orleans, the assessor of the district where the property is located.

(iv) An owner who is below the age of sixty-five and who has applied for and received the special assessment level may qualify for and receive the special assessment level in the subsequent year by certifying to the assessor of the parish that such person or persons' adjusted gross income in the prior tax year satisfied the income requirement of this Section. The provisions of this Item shall not apply to an owner who has qualified for and received the special assessment level for persons sixty-five years of age or older or to such owner's surviving spouse as described in Item (2)(a)(i) of this Paragraph or for an owner who is permanently totally disabled as provided for in Subitem (i)(dd) of this Subsubparagraph.

(b) Any millage rate applied to the special assessment level shall not be subject to a limitation.

(2) Provided such owner is qualified for and receives the special assessment level, the special assessment level shall remain on the property as long as:

(a)(i) The owner who is sixty-five years of age or older, or that owner's surviving spouse who is fifty-five years of age or older or who has

minor children, remains the owner of the property.

(ii) The owner who has a service-connected disability of fifty percent or more, or that owner's surviving spouse who is forty-five years of age or older or who has minor children, remains the owner of the property.

(iii) The spouse of the owner who is killed in action remains the owner of the property.

(iv) The first day of the tax year following the tax year in which an owner who was missing in action or was a prisoner of war for a period exceeding ninety days is no longer missing in action or a prisoner of war.

(v) Even if the ownership interest of any surviving spouse or spouse of an owner who is missing in action as provided for in this Subparagraph is an interest in usufruct.

(b) The value of the property does not increase more than twenty-five percent because of construction or reconstruction.

(3) A new or subsequent owner of the property may claim a special assessment level when eligible under this Section. The new owner is not necessarily entitled to the same special assessment level on the property as when that property was owned by the previous owner.

(4)(a) The special assessment level on property that is sold shall automatically expire on the last day of December in the year prior to the year that the property is sold. The property shall be immediately revalued at fair market value by the assessor and shall be assessed by the assessor on the assessment rolls in the year it was sold at the assessment level provided for in Article VII, Section 18 of the Constitution of Louisiana.

(b) This new assessment level shall remain in effect until changed as provided by this Section or this Constitution.

(5)(a) Any owner entitled to the special assessment level set forth in this Paragraph who is unable to occupy the homestead on or before December thirty-first of a future calendar year due to damage or destruction of the homestead caused by a disaster or emergency declared by the governor shall be entitled to keep the special

assessment level of the homestead prior to its damage or destruction on the repaired or rebuilt homestead provided the repaired or rebuilt homestead is reoccupied by the owner within five years from December thirty-first of the year following the disaster. The assessed value of the land and buildings on which the homestead was located prior to its damage shall not be increased above its assessed value immediately prior to the damage or destruction described in this Subsubparagraph. If the property owner receives a homestead exemption on another homestead during the same five-year period, the damaged or destroyed property shall not be entitled to keep the special assessment level, and the land and buildings shall be assessed in that year at the percentage of fair market value set forth in this constitution. In addition, the owner shall also maintain the homestead exemption set forth in Article VII, Section 20(A)(10) to qualify for the special assessment level in this Subsubparagraph.

(b) Any owner entitled to the special assessment level set forth in Subsubparagraph (a) of this Subparagraph who is unable to reoccupy his homestead within five years from December thirty-first of the year following the disaster shall be eligible for an extension of the special assessment level on the homestead for a period not to exceed two years. A homeowner shall be eligible for this extension only if the homeowner's damage claim is filed and pending in a formal appeal process with any federal, state, or local government agency or program offering grants or assistance for repairing or rebuilding damaged or destroyed homes as a result of the disaster, or if a homeowner has a damage claim filed and pending against the insurer of the property. The homeowner shall apply for this extension of the special assessment level with the assessor of the parish in which the homestead is located. The assessor shall require the homeowner to provide official documentation from the government agency or program evidencing the homeowner's participation in the formal appeal process or official documentation

evidencing the homeowner has a damage claim filed and pending against the insurer of the damaged property, as provided by law.

(c) After expiration of the extension authorized in Subsubparagraph (b) of this Subparagraph, an assessor shall have the authority to grant on a case-by-case basis up to three additional one-year extensions of the special assessment level as prescribed by law.

(6)(a) A trust shall be eligible for the special assessment level as provided by law.

(b) If a trust would have been eligible for the special assessment level pursuant to this Subparagraph prior to the most recent reappraisal, the total assessment of the property held in trust shall be the assessed value on the last appraisal before the reappraisal.

§ 20. Homestead Exemption

Section 20.(A) Homeowners.

(1) The bona fide homestead, consisting of a tract of land or two or more tracts of land even if the land is classified and assessed at use value pursuant to Article VII, Section 18(C) of this constitution, with a residence on one tract and a field with or without timber on it, pasture, or garden on the other tract or tracts, not exceeding one hundred sixty acres, buildings and appurtenances, whether rural or urban, owned and occupied by any person or persons owning the property in indivision, shall be exempt from

state, parish, and special ad valorem taxes to the extent of seven thousand five hundred dollars of the assessed valuation. The same homestead exemption shall also fully apply to the primary residence, including a mobile home, which serves as a bona fide home and which is owned and occupied by any person or persons owning the property in indivision, regardless of whether the homeowner owns the land upon which the home or mobile home is sited; however, this homestead exemption shall not apply to the land upon which such primary residence is sited if the homeowner does not own the land.

(2) The homestead exemption shall extend and apply fully to the surviving spouse or a former spouse when the homestead is occupied by the surviving spouse or a former spouse and title to it is in the name of (a) the surviving spouse as owner of any interest or either or both of the former spouses, (b) the surviving spouse as usufructuary, or (c) a testamentary trust established for the benefit of the surviving spouse and the descendants of the deceased spouse or surviving spouse, but not to more than one homestead owned by either the husband or wife, or both.

(3) The homestead exemption shall extend to property owned by a trust when the principal beneficiary or beneficiaries of the trust are the settlor or settlors of the trust and were the immediate prior owners of the homestead, and the homestead is occupied as such by a principal beneficiary. The provisions of this Subparagraph shall apply only to property which qualified for the homestead exemption immediately prior to transfer, conveyance, or donation in trust or which would have qualified for the homestead exemption if such property were not owned in trust.

(4) The homestead exemption shall extend to property where the usufruct of the property has been granted to no more than two usufructuaries who were the immediate prior owners of the homestead and the homestead is occupied as such by a usufructuary. The provisions of this Subparagraph shall apply only

to property which qualified for the homestead exemption immediately prior to the granting of such usufruct, or which would have qualified for the homestead exemption if such usufruct had not been granted.

(5) The homestead exemption shall extend only to a natural person or persons and to a trust created by a natural person or persons, in which the beneficiaries of the trust are a natural person or persons provided that the provisions of this Paragraph are otherwise satisfied.

(6) Except as otherwise provided for in this Paragraph, the homestead exemption shall apply to property owned in indivision, but shall be limited to the pro rata ownership interest of that person or persons occupying the homestead.

(7) No homestead exemption shall be granted on bond for deed property. However, any homestead exemption granted prior to June 20, 2003 on any property occupied upon the effective date of this Paragraph* by a buyer under a bond for deed contract shall remain valid as long as the circumstances giving rise to the exemption at the time the exemption was granted remain applicable.

(8) Notwithstanding any provision of this Paragraph to the contrary, in no event shall more than one homestead exemption extend or apply to any person in this state.

(9) This exemption shall not extend to municipal taxes. However, the exemptions shall apply (a) in Orleans Parish, to state, general city, school, levee, and levee district taxes and (b) to any municipal taxes levied for school purposes.

(10)(a) Any homestead receiving the homestead exemption that is damaged or destroyed during a disaster or emergency declared by the governor whose owner is unable to occupy the homestead on or before December thirty-first of a calendar year due to such damage or destruction shall be entitled to claim and keep the exemption by filing an annual affidavit of intent to return and reoccupy the homestead within five years from December thirty-first of the year following the disaster with the assessor within the parish or district where such

homestead is situated prior to December thirty-first of the year in which the exemption is claimed. In no event shall more than one homestead exemption extend or apply to any person in this state.

To accomplish this result, it shall be mandatory for each affected taxing authority, in the year in which Sections 18 and 20 of this Article are implemented, to adjust millages upwards or downwards without regard to millage limitations contained in this constitution, and the maximum authorized millages shall be increased or decreased, without further voter approval, in proportion to the amount of the adjustment upward or downward. Thereafter, such millages shall remain in effect unless changed as permitted by this constitution.

(B) Subsequent Adjustments. Except as otherwise permitted in this Section, the total amount of ad valorem taxes collected by any taxing authority in the year in which the reappraisal and valuation provisions of Section 18, Paragraph (F) of this Article are implemented shall not be increased or decreased because of a reappraisal or valuation or increases or decreases in the homestead exemption above or below the total amount of ad valorem taxes collected by that taxing authority in the year preceding implementation of the reappraisal and valuation. To accomplish this result, the provisions of millage adjustments relative to implementation of Section 18 and Section 20 of this Article, as set forth in Paragraph (A) of this Section shall be mandatory. Thereafter, following implementation of each subsequent reappraisal and valuation required by Paragraph (F) of Section 18 of this Article, the millages as fixed in each such implementation shall remain in effect unless changed as permitted by Paragraph (C) of this Section.

(C) Increases Permitted. Nothing herein shall prohibit a taxing authority from collecting, in the year in which Sections 18 and 20 of this Article are implemented or in any subsequent year, a larger dollar amount of ad valorem taxes by (1) levying additional or increased millages as provided by law or (2) placing additional property on the tax rolls. Increases in the millage rate in excess of the rates established as provided by Paragraph (B) above but not in excess of the prior year's maximum authorized millage rate may be levied by two-thirds vote of the total membership of a taxing authority without further voter approval but only after a public hearing held in accordance with the open meetings law; however, in addition to any other requirements of the open meetings law, public notice of the time, place, and subject matter of such hearing shall be published on two separate days no less than thirty days before the public hearing. Such public notice shall be published in the official journal of the taxing authority, and another newspaper with a larger circulation within the taxing authority than the official journal of the taxing authority, if there is one.

(D) Application. This Section shall not apply to millages required to be levied for the payment of general obligation bonds.
