INTRODUCTION

This book is an update of the *Louisiana Directory of Cities, Towns and Villages* published by the Louisiana Department of Transportation and Development in 1995.

The original publication was intended for use with the *Official Map of Louisiana*.

Population figures in this edition were obtained from the Census Bureau's *American Factfinder* web site (<http://factfinder.census.gov>). Percentages of increase and decrease in parish populations were obtained from the *County and City Data Book: 2000* web site (<http://www.census.gov/prod/www/ccdb.html>). City/town/village names and incorporation status were confirmed using the 1995 edition of this directory, as well as the 2005 edition of the *Municipal Directory* published by the Louisiana Municipal Association (http://www.lamunis.org/2005_directory.pdf). The *Mapquest* web site (<http://www.mapquest.com/>) was also consulted to confirm the spelling and locations of cities/towns/villages.

Post Office and ZIP Code information were confirmed using the United States Postal Service web site (<http://www.usps.com/welcome.htm>). For places that do not have a local Post Office, the ZIP Code and place listed are those indicated by the Postal Service web site to be closest to that place. The web site provided no information about those places that have no ZIP Codes listed.
